4.2 Digital

There are no Digital implications.

4.3 Risk

Education Scotland's team of Inspectors visit a sample of education settings every year to find out how they are performing. A report is published which informs parents about the key strengths of the setting and its capacity for further improvement.

Following the publication of the report further visits may be made to the setting, by the Education Authority to assist improvement and monitor progress.

Monitoring, review and evaluation of progress by central officers in the Education Team is the control measure in place to reduce the risk of failure of settings to demonstrate their capacity to improve.
