2 Purpose of Report/Executive Summary

This report provides Council with the appraisal of the first 18 months of the Shared Service arrangement for the Chief Internal Auditor between Midlothian and East Lothian Council. Significant budget savings have been delivered within the Internal Audit and Counter Fraud team over the 18-month period whilst continuing to deliver a service that meets the requirements of the Public Sector Internal Audit Standards (PSIAS).

An updated SLA has been drafted to cover an ongoing Shared Service for Chief Internal Auditor services from 1 July 2024. The SLA provides for a continuation of the current Chief Internal Auditor Shared Service on ongoing basis with a five-year review date for the SLA. Provision has also been made for the potential to widen the sharing of services to the completion of audit or counter fraud work when approved by the Midlothian Audit Committee and the East Lothian Audit & Governance Committee.

The Audit Committee have considered the matter at the meeting of 24 June 2024, and subject to the Audit Committee recommendation, Council is being asked to approve the continuation of the Chief Internal Auditor Shared Service arrangements and therefore the signing of the SLA with East Lothian Council

3 Background

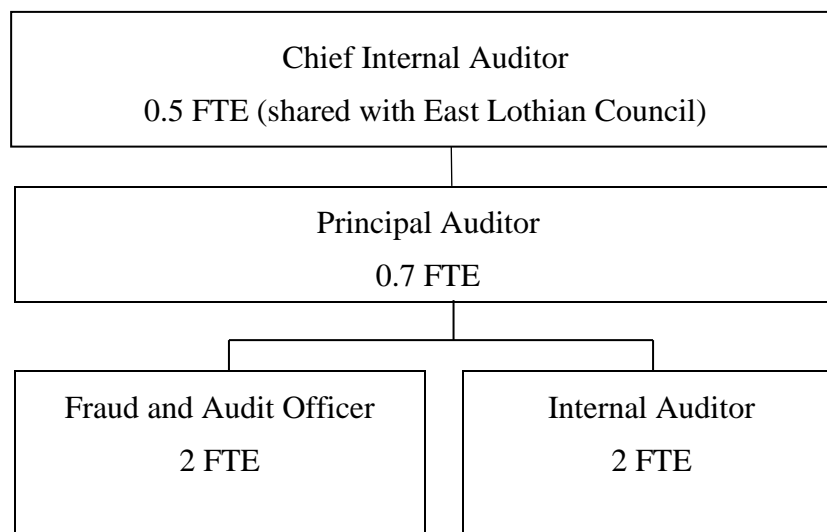

- 3.1 For the 5 years to the 30 June 2022 Midlothian Council had a shared service arrangement for Chief Internal Auditor Services with Scottish Borders Council. Following this arrangement ending on the 30 June 2022, and an unsuccessful recruitment process for an Internal Audit Manager, East Lothian Council were approached to consider a shared service. During 2022 a shared service was approved between East Lothian and Midlothian Council and the service commenced on the 1st January 2023.
- 3.2 The Midlothian Council approved budget for Internal Audit was reduced by £55K per annum with the deletion of posts from the establishment as part of the 2023/24 approved Council budget. Services have been maintained to meet Public Sector Internal Audit Standards with this reduced budget and staffing and will continue to do so moving forward.
- 3.3 Both Midlothian and East Lothian Council continue to have Internal Audit Plans approved by the Audit Committee and the Audit & Governance Committee respectively on a risk basis, including length of time since last assurance review of an area. Whilst some risks are shared between the Councils, some are specific to each council, however, that allows for efficiencies in sharing audit programmes and methodologies, with the potential for further savings if staffing is shared.
- 3.4 The Internal Audit teams are structured as shown in the following diagrams:

East Lothian Council

The Service Manager – Internal Audit, East Lothian’s Internal Audit Unit provides Internal Audit & Counter Fraud services for both the Council and the East Lothian Integration Joint Board and reports administratively to the Executive Director for Resources, functionally to the Audit and Governance Committee and has direct access to the Chief Executive, the Section 95 Officer and the Monitoring Officer.

Midlothian Council

The Internal Audit function in Midlothian reports to the Chief Executive and provides Internal Audit and Corporate Fraud services for both the Council and the Midlothian Integration Joint Board.

- 3.5** Resources are anticipated to remain as they are currently available with the expectation of creating some cross working opportunities for staff when approved by Audit Committee. Cross working in certain audit areas will be more efficient and create greater resilience across these small teams. Any cross working will be approved prior to implementation and be dependent on appropriately available staffing for both Councils.

4 Report Implications (Resource, Digital, Risk and Equalities)

4.1 Resource

This paper proposes no changes to the current resourcing of the Internal Audit and Counter Fraud teams.

4.2 Digital

There are no digital implications arising from this report.

4.3 Risk

The continuation of the Shared Service arrangement for Chief Internal Auditor services creates a key person dependency risk across both Council's. However creating a greater pool of staff with some knowledge of both Councils being developed provides a mitigation to that risk.

4.4 Ensuring Equalities

This report does not relate to a new or revised policy, service or budget change, which affects people (the public or staff), so an Integrated Impact Assessment (IIA) is not an applicable consideration.

The Internal Audit work is carried out in accordance with the appropriate legislation and professional standards. The latter includes compliance by those within the Internal Audit function with the Code of Ethics set out in the PSIAS. This is of particular importance and relevance for the profession of Internal Audit founded as it is on trust placed in its independent and objective assurance about risk management, internal control and governance.
