02. Challenges and Risks

22/23:

- Outcome of the Education Reform Consultation and National Care Service Consultation
- Uncertainty about how SQA qualifications will be assessed going forward in the future.
- The continuing impact of the pandemic on attendance and on post-school destinations
- Midlothian Council has a relatively high proportion of funded ELC places delivered by partners in the private and voluntary sectors. As such, any increases in the rate that is paid to funded providers would create additional upward pressure on the early year's budget for 2022/23.
- Rate of demographic growth on the learning estate
- A full refresh of school roll projections and capacities has been undertaken to assess current and future demand. This work will inform and shape the Learning Estate Strategy over the next 5 years.
- A number of schools funded through the Scottish Governments Learning Estate Investment Programme are at the briefing and design stages. There are council and developer funded projects being undertaken also. An elected member's seminar was held to present an update of the Beeslack CHS and Penicuik HS projects.
- The Roll Projection data will be checked and refreshed on a 6 month basis to ensure we have provided sufficient capacity in each catchment. There are a number of schools with imminent capacity breaches.
- A programme of Suitability Surveys will be conducted in 2023 to ensure our Core Facts data is reflective of the current situation.
- The Place Directorate are planning on conducting Condition Surveys in all schools assets.
- Increase in the number of children and young people with additional support requiring more specialist provision will require robust monitoring to ensure staffing and specialist facilities meets level of needs
- There are a number of Scottish Government consultations, on issues such as school uniform and physical restraint, that are ongoing which may result in change in education policies for this coming session and beyond.
- There is a financial challenge to deliver statutory services given the current budget gap.
- Due to the current financial climate there may be an impact on services as a result of the cost of living and increase in poverty.
