Midlothian Prevention & Protection Activities

Quarter 3: 1st October– 31st December 2019

Fire Safety Enforcement Audits

The figures represent the audit workloads delivered by the Midlothian Fire Safety Enforcement Officer (FSEO). Following the Scottish Fire and Rescue Service (SFRS) Enforcement Framework, local deployment ensures compliance for relevant premises in terms of the Fire Scotland Act (2005) and associated Fire Safety Regulations. In line with the SFRS enforcement framework all high risk sleeping premises receive an annual audit and this includes hospitals, care homes, houses of multiple occupation, hostels and hotels. Due to staff promotions our qualified FSE Officer cadre is below establishment. Two new members of staff are currently being trained and delivering audits in a limited capacity. We are hopeful that current shortfalls will be addressed as the year progresses and the Officers become competent. Notwithstanding the aforementioned, we continue to focus our efforts on high risk premises (Hospitals and Care Homes). To date **2 of 3 Hospitals** and **13 of 17 Care Homes** within the Midlothian have been audited.

Home Fire Safety Visits

The delivery of Home Fire Safety Visits (HFSVs) is the corner stone of the SFRS Community Safety Engagement framework. By visiting households and providing fire safety advice and smoke alarms the numbers of dwelling fires and casualties will be reduced. To target the highest risk households across Midlothian a points allocation based on risk and associated target has been set (24 points per high, 8 per medium, 4 per low risk visit). The annual number of visits completed is well above target set. **A total of 763 HFSVs** have been delivered in Midlothian YTD.

Partnership Working

Youth Engagement

During this reporting period, the Community Action Team (CAT) have supported and engaged with the following youth engagement programmes,

A Fireskills Employability Award course was delivered at Polmont Young Offenders Institute. As a result of referrals from Police Scotland, 4 Fire Setters Interventions have taken place in Midlothian.

Safeguarding

During this period our teams continued to identify and refer adults at risk of harm and/or in need of support. This has resulted in **2** referrals being processed to Social Services. The CAT has completed **2** enhanced home safety visits to vulnerable adults.

Our Local Authority Liaison Officer (LALO) continues to attend or provide information relevant to fire risk for the monthly Multi Agency Risk Conference (MARAC).

Referrals

Our strong relationship with external partners continues to assist with **Home Fire Safety Visit (HFSV)** referrals: Listed are examples of these relationships and referrals

British Red Cross = **22**

Midlothian Contact Team = **4**

Midlothian Council Reablement = **3**

NHS = **3**

186 self-referrals were received via our Community Safety Engagement Toolkit (**CSET**) system with local crews completing **280** home safety visits during this quarter.

Community Safety Engagement

In addition to carrying out HFSV's, SFRS staff have been involved in **22 Community Safety Events** including Fire Safety Talks to schools and groups, Anti-social Behaviour talks to schools, Leaflet Drops, attending Open Days and liaising with other services to provide safety advice to the residents of Midlothian helping to support our Local Outcomes.
