STRATEGIC RISKS – RATED CRITICAL/HIGH

Climate Change

3.13 The Council developed a Climate Change Action Plan as part of its Climate Change Strategy approved by Council in August 2020, as well as making the commitment to achieve Carbon Neutral by 2030.

3.14 A review of the current Climate Change Strategy and Action Plan is being undertaken and an update will be provided to Council in Q2 2023/24. The risk evaluation continues to remain Critical in Q3.

Early Years Expansion (1140 hours)

3.17 Following the Scottish Government's decision to increase the number of free early learning and childcare hours to 1140, the Council has continued to plan with its partners. The two key strands to the successful implementation are the recruitment and training of staff and the physical increase in estate capacity. These challenges are being considered in the wider context of the plan, in which the capacity and

expansion of all funded providers (council, private and voluntary settings as well as childminders) combine to deliver the requirements.

- 3.18** This risk evaluation continues to remain High whilst the Council awaits an update on the funding provision.

Scottish Child Abuse Inquiry (SCAI)

- 3.19** The SCAI risk remains High.

UK decision to leave the EU

- 3.20** The rate of inflation is impacting on the cost of living crisis for Midlothian residents and posing significant risk to a number of Council Capital Programme work streams. This was reported to the Business Transformation Steering Group (BTSG) and also through progress reports on programmes to Council. This risk evaluation remains High.

Growing Council

- 3.21** In Q2 22/23 the risk evaluation increased from Medium to High and remains High in Q1 2023/24. This is in response to the current financial challenge as described above and the increased pressure the Council faces with growth. Some current examples of this include:

- Inflationary impact on the delivery of the capital programme
- Cost of living crisis and rent freeze response that could risk the delivery of the house building programme
- Pressure on the care sector as people are living longer and require more care provision
- General population growth places additional demand on infrastructure such as GPs, schools, waste services etc.

- 3.25** Work is ongoing to review the Learning Estate Strategy and a reprioritisation of the Capital Programme.

STRATEGIC OPPORTUNITIES

Shawfair

- 3.26** The Shawfair development, with its new Rail link provides a major incentive for house builders, employers, retail and commercial interests including opportunities to secure a low carbon community through district heating from Zero Waste. The Energy Services Agreement with Shawfair LLP has now been signed and work progresses to deliver the Energy Centre.

Easter Bush

- 3.27** Fast growing opportunities in Science, Technology, Engineering and Mathematics (STEM) with opportunities to link with education. Partnership links to schools and university sector at the 'Bush' to promote STEM. The rate of inflation is impacting on the costs of the A701 improvements which will was reported to Council at the end of June 2022. A funding application was submitted to the UK Government's Levelling Up fund to close the funding gap.

City Deal

- 3.28** Edinburgh and South East Scotland City Region Deal - bid for funding to Scottish and UK Governments to accelerate economic growth through investment in infrastructure/ housing/ skills and innovation was agreed by Council in June 2018. Projects continue to be progressed with realisation of regional enhancements and connectivity.

Creating a world class education system

- 3.29** The Centres of Excellence model is a core part of the Council's strategy to create a world-class education system in Midlothian.
