Financial Strategy Proposals	As set out in grid attached to this EqIA
Directorate and service area	List as detailed above

Overview of Budget Investment through the Financial Strategy	The core objective of the Financial Strategy 2018/19 to 2021/22 is that of securing the Council's continued financial sustainability during what is expected to be an ongoing period of financial constraint coupled with continuing service demand pressures and increasing customer expectations.
Completion Date	5 December 2017
Lead officer	Gary Fairley

**Aims and Objectives**

The public sector continues to face significant service delivery challenges due to reduced income streams, funding constraints, inflationary cost pressures and additional legislative burdens. Demand for public services in Midlothian continues to increase as a consequence of changes in the size and profile of the county's population with greater numbers of young and older people, those in poor economic situations, and those with disabilities be they physical, sensory, mental health or learning disabilities. The Council must continue to prioritise expenditure on public services which prevent negative outcomes for those within its communities whilst securing maximum benefit from all available resources. Accordingly, it is prudent that significant savings and cuts are made over the coming years and projected budget shortfalls stemmed. This will allow the Council to maintain its financial sustainability and also to ensure that all within its communities, irrespective of protected characteristics, (age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation plus in Midlothian poor socio-economic circumstances), are not unlawfully discriminated against, and that equality of opportunity and advancement of good relations is upheld between those who have a protected characteristic and those who do not.

1. Does the proposed budget affect people?

Yes

No

2. What is/are the reason(s) for Council’s proposed budget savings

Savings are part of a process of continual review of service provision as we seek to secure efficiencies and redesign services in response to the financial challenge.

**3. Impact**

Which of the protected characteristics\* will the proposed budget savings have an impact upon?

#### 4. Overall Impact of Financial Strategy proposals

Each budget proposal presented has been subjected to an Equality Impact Assessment. The overall grid (attached to the end of this appendix 2) details the protected characteristics which are considered to be most likely to be affected in a potentially negative way. The overall grid includes the currently non-enacted 10<sup>th</sup> protected characteristic of socio-economic deprivation which Midlothian Council voluntarily considers. It is understood that this 10<sup>th</sup> protected characteristic will be enacted in 2017 by the Scottish Government.

In no proposal area has any unlawful negative impact been identified, and where possible reduction/removal of services will be monitored to establish the actual affect to those within our communities.

#### 5. How will the implementation of proposed Financial Strategy savings be communicated to those affected by any changes?

Information will be available on the Council's web site and communicated to affected businesses/customers/service users by letter, email, etc. In addition, information documents, as required, can and will be made available in different formats and languages on request. If an individual or group require this information in another language or format, then they should email [equalities@midlothian.gov.uk](mailto:equalities@midlothian.gov.uk) or telephone the Equality, Diversity & Human Rights Officer on 0131 271 3658.

#### 6. How will you monitor the impact of the changes proposed? When is the budget due to be reviewed?

Changes will be monitored through Pentana, the council's performance management system, discussion groups and forums, fees and charges income, and various other methods detailed in the individual equality impact assessments.

7. Please use the space below to detail any other matters arising from the Equality Impact Assessment (EqIA) process.

If available, mitigating actions for each of the proposals have been outlined in the individual equality impact assessments.

Where no mitigating actions are possible it is considered that any negative effects are not unlawful and are justifiable on a benchmarking/inflationary basis.

Midlothian Council is committed to the ethos of the Equality Act 2010 and has considered this through equality impact assessment of all its budget proposals.
