2.1 Lasswade High School Centre was inspected in January 2013 and their visit in January 2014 was to assess the extent to which the school was continuing to improve the quality of its work, and to evaluate progress made in responding to the main points for action in the initial report.

2.2 The Inspectors concluded that the school has successfully made improvements in its approaches to self-evaluation and that leadership across the school was improving.

3 Report Implications**3.1 Resource**

3.2 Risk

Education Scotland visits a sample of primary and secondary schools every year to find out how they are performing. A report is published which informs parents about the key strengths of the school, its capacity for further improvement and sets out the main points for action.

Following the publication of that report further support will be given to the school by Education Scotland and by the Education Authority to assist improvement and monitor progress. A follow-through report on the progress of the school will be published by either Education Scotland or by the Education Authority, within 1 year of the date of publication of the original report.

Monitoring/

Monitoring, review and evaluation of progress by the Schools Group Manager and members of the 3-18 Improvement Team is the control measure in place to reduce the risk of failure of the school to demonstrate its capacity to improve.
