Midlothian Council **Tuesday 27 June 2023** **Notice of Motion**

Midlothian Council notes the great hardship the people of Midlothian are now living with as a result of the Cost of Living Crisis and the dysfunctional market providing unaffordable energy costs.

Midlothian Council opposes the force fitting of pre-payment meters and will write to the Minister demanding that each warrant to fit such a meter be treated individually on its own merit and any vulnerability be taken into account before a decision is made, and also that the tariff charged should be in keeping with the most competitive rate offered to other consumers, it should never be more expensive to be poor.

Moved: Councillor Willie McEwan

Seconded: Councillor Stephen Curran
