## **Foreword by the Chief Executive, Midlothian Council**

Welcome to the Midlothian Council Equality Mainstreaming & Outcomes Progress Report for the period 2021 - 2023. Over the past two years, the Council has continued to work towards developing its approach to equality and fairness. The Council has set out an ambitious programme of work through the Midlothian Community Planning Partnership to build a Midlothian, which is built on fairness and prosperity.

It is my opinion that this principle of equality must underpin all of the work the Council plans and does, and I am determined that the Council will continue do this through:

- Recognising that some people are not always treated fairly and can experience discrimination and inequality;
- Ensuring that our services meet the needs of all people in our communities, and that communities have choice and control over the services they use where appropriate;
- Challenging ourselves to tackle the inequality that exists in our communities, and working with community planning partners to improve outcomes for equality groups; and
- Tackling prejudice and negative attitudes towards people and celebrate the diversity within our communities

I am proud of the work that the Council continues to do to raise awareness of Mental Health amongst our employees, looking to achieve the next level (silver) of the Equally Safe at Work accreditation, demonstrating good practice and leadership in addressing violence against women and girls and a focus on gender equality, and the drive to celebrate equality and diversity with the Equal Midlothian Week & Mela. Initiatives such as these are tangible examples of equality work within our organisation and our local communities.

I look forward to continuing our work over the coming years to achieve our vision of a fairer and more equal Midlothian.

Dr Grace Vickers, Chief Executive, Midlothian Council

## **1.0 Purpose of Report**

- 1.1 The purpose of this report is to outline how the Council has taken forward work to mainstream equality across the Council both in its role as a service provider and as an employer. The report also demonstrates current progress against equality outcomes detailed in the Midlothian Council Equality Plan 2021 – 2025.
- 1.2 This report uses the terms 'Midlothian Council/Council as shorthand for the Council, Education Authority and Licensing Board (all three bodies).

## **2.0 Legislative Background**

- 2.1 In October 2010 the Equality Act 2010 (the Act) came into force. This was a consolidating piece of legislation gathering together 40 years of previous discrimination legislation.
- 2.2 On 05 April 2011 the Public Sector Equality Duty (PSED) came into force. The PSED replaced the separate duties on public bodies relating to race, disability and gender equality.
- 2.3 The new PSED extended the scope of equality legislation to include not only race, disability and gender but also age, gender re-assignment, marriage and civil partnership, pregnancy and maternity, religion or belief, and sexual orientation.
- 2.4 These nine categories are now known as the protected characteristics.
- 2.5 In April 2018 the Scottish Government enacted the socio economic duty. The Equality Act requires us to actively consider how we can reduce the inequalities of outcome caused by socio-economic disadvantage, when making strategic decisions. This is known as the Fairer Scotland Duty.
- 2.6 The PSED as set out in the Act is known as the 'general equality duty' (GED).
- 2.7 The GED requires public listed authorities in the planning and exercising of their public duties and functions to have 'due regard' to the need to:
  - Eliminate unlawful discrimination, harassment and victimisation and other prohibited conduct;
  - Advance equality of opportunity between people who share a relevant protected characteristic and those who do not; and
  - Foster good relations between people who share a relevant protected characteristic and those who do not

- 2.8 These three areas are sometimes known as the 'three needs'.
- 2.9 Having 'due regard' in relation to advancing equality of opportunity includes:
- Removing or minimising disadvantages suffered by persons who share a protected characteristic that are connected to that characteristic;
  - Taking steps to meet the needs of persons with protected characteristics that are different from persons who do not share it; and
  - Encouraging participation in public life and other areas where representation is disproportionately low
- 2.10 Having 'due regard' in relation to the need to foster good relations includes:
- Tackling prejudice; and
  - Promoting understanding
- 2.11 As previously noted at present there are nine protected characteristics and there is no hierarchy to those nine. In alphabetical order they are:
- Age
  - Disability (learning difficulties, mental health, physical and sensory)
  - Gender re-assignment
  - Marriage and civil partnership (restricted to elimination of unlawful discrimination in employment)
  - Pregnancy and Maternity
  - Race
  - Religion or Belief
  - Sex
  - Sexual orientation
- 2.12 On 27 May 2012 the Equality Act 2010 (Specific Duties) (Scotland) Regulations 2012 came into force.
- 2.13 These Regulations imposed duties on listed public bodies for the purpose of enabling the better performance by the listed authority of the duty imposed by section 149(1) of the Equality Act 2010, the PSED.
- 2.14 These duties are to:
- Report progress on mainstreaming the equality duty;
  - Publish equality outcomes and report progress;
  - Assess and review policies and practices;
  - Gather and use employee information;

- Publish gender pay gap information;
  - Publish statements on equal pay, etc.;
  - Consider award criteria and conditions in relation to public procurement;
  - Publish in a manner that is accessible, etc.;
  - Consider other matters; and
  - Scottish Ministers to publish proposals to enable better performance
- 2.15 The 2012 Regulations dictate when reports and progress reports have to be published (outcome reports every four years, progress reports every two years starting on 30 April 2013). The Regulations also state that all new and/or revised policies must be impact assessed against the needs of the GED, and that workforce profiling, gender pay gap and equal pay statements should form part of the mainstreaming report for organisations who have more than 150 employees at prescribed times. Finally, the Regulations look for listed bodies to improve their procurement activities and to publish all materials in a manner that is accessible to all.
- 2.16 On 11 June 2015 the Equality Act 2010 (Specific Duties) (Scotland) Amendment Regulations 2015 came into force.
- 2.17 This set of Regulations increased the number of listed bodies who are required to adhere to the Act and includes Integration Joint Boards established by order under section 9(2) of the Public Bodies (Joint Working) (Scotland) Act 2014 (3).
- 2.18 This means that the Midlothian Integration Joint Board (MLIJB) is also subject to the duties and responsibilities of the Equality Act 2010 and its subsequent Regulations. The MLIJB has its own Equality Reports and is therefore out with the scope of this report.
- 2.19 On 18 March 2016 the Equality Act 2010 (Specific Duties) (Scotland) Amendment Regulations 2016 came into force.
- 2.20 This new set of Regulations:
- Introduced a new requirement on listed public authorities to publish the gender composition of their Boards, and to produce succession plans to increase the diversity (across all protected characteristics) of their Boards; and to
  - Lower the threshold for listed bodies to publish information on their gender pay gap and equal pay statements, from those authorities with more than 150 employees to those with more than 20 employees
- 2.21 Local authorities, licencing boards, and education authorities are not considered 'relevant listed authorities' in respect of the first bullet point in 2.20 above.

- 2.22 It is important to note that the Council as an Education Authority must also meet the requirements of the Act and subsequent Regulations. Further, as the Council also administers the Licensing Board it too needs to meet the requirements of the Act and Regulations when undertaking its duties. Accordingly, at the relevant points within this report reference will be made to all three bodies.
- 2.23 New legislative requirements and policy changes have been introduced since the Equality Act 2010, including The Fairer Scotland Duty, introduced in 2018, Child Poverty (Scotland) Act (2017) and others directly related to human rights including the United Nations Convention on the Rights of the Child (Incorporation) (Scotland) Bill which was introduced to the Scottish Parliament on 1 September 2020.

### **3.0 Mainstreaming Equality 2021 – 2023 - context**

- 3.1 In the Council's Equality Mainstreaming & Outcome Report 2017 – 2019 it was said that:
- Mainstreaming equality meant making equality part of the day to day business of the Council, Education Authority & Licensing Board both as service planners, providers and employers, rather than a 'bolt-on' at the end of projects and other programmes of work;
  - By mainstreaming equality, the Council, Education Authority & Licensing Board could ensure that equality of opportunity was part of the culture of the organisations, and that both employees and customers could benefit from organisations where they felt valued and their interests and issues on a level par with all others' issues and values;
  - Further, by mainstreaming equality the Council, Education Authority & Licensing Board could demonstrate its commitment to the general duty by publicly demonstrating that they would not condone unlawful discrimination, victimisation and harassment; and that
  - The Council, Education Authority & Licensing Board could also demonstrate that they would work to advance equality of opportunity and fostering good relations between people who share a protected characteristic and those who do not within their own organisations and through partnership and joint working practices with neighbours and community planning partners.

The Council, Education Authority & Licensing Board remain committed to these considerations, and during the period 2021 – 2023 have worked hard to embed each of the needs of the General Equality Duty for each protected characteristic throughout all of its work.

#### **4.0 Progress made for the period of the Equality Plan 2021 – 2025 to mainstream equality throughout all three bodies (Council, Education Authority & Licensing Board)**

##### **4.1 Ensuring genuine commitment to equality through all levels of the Council structures and planning procedures**

The service planning structure of the Council includes the Single Midlothian Plan (SMP) and supporting plans including service plans.

In Midlothian, partners work together through the Midlothian Community Planning Partnership (MCP) which is the overarching partnership for this local authority area. MCP brings together public services, the third sector, the business community and community organisations that are based or working in Midlothian.

Revision of the priorities for the MCP which are to reduce inequalities in: learning outcomes; health outcomes; and economic circumstances and now includes to reduce carbon emissions in Midlothian to net zero by 2030. The strapline of the partnership is 'Midlothian - A Great Place to Grow'. Actions in relation to outcomes given in the 2021 – 2025 Equality Plan will be given in the outcomes section of this report.

Introducing Midlothian's Route Map through and out of the crisis as a strategy for recovery with a focus on the vision and priorities identified by the MCP and based on the creation of a Wellbeing Economy, designed to achieve wellbeing, inclusion and fairness for our communities and to protect and enhance our environment.

##### **4.2 Understanding the impact of our work – the Integrated Impact Assessment (IIA)**

Since 2016, the Council has implemented an Integrated Impact Assessment Tool to ensure that we consider equality and the impact of our decisions on those with protected characteristics. The Council considers that our decision making process needs to consider a bigger picture and therefore the IIA also considers socio-economic inequality, health inequalities, environmental and sustainability matters thereby giving service providers the bigger picture that allows them to identify priorities now and in the future.

In early 2019 a further refresh of the IIA process was carried out, considering the need to include further focus on human rights and a greater emphasis on ensuring we consider the impact of our policies on care experienced young people. A pan-Lothian approach to the development of the IIA has encouraged a number of public sector bodies to support both the approach taken and a significant staff training programme to raise awareness and understanding of the importance of IIAs.

Completed impact assessments are published on the Council website as required by the Act and can be found [here](#).

#### 4.3 Equalities Monitoring

The Council continues to use equalities monitoring to gather and analyse information about service users where possible and appropriate. Plans to continue to develop our approach to equality monitoring and data collection need to ensure that we meet the requirements of General Data Protection Regulation (GDPR), and also ensure that any information collected reflects the most up to date approach to monitoring, and gives us the information we need to develop responsive services.

To improve equalities monitoring as an employer the Council launched a Personal Data Audit towards the end of 2020. Encouraging staff to ensure that their personal data is updated to ensure appropriate and meaningful consideration and planning with regard to protected characteristics can be undertaken. In this regard in February 2022 the Council signed up to the Council of Ethnic Minority Voluntary Sector Organisations (CEMVO's) Race for Human Rights programme. One of the areas the Council has asked for help in is encouraging more staff to disclose personal protected characteristic data. This partnership work will take place in 2023 and hopefully will result in increased accurate data that will ensure the Council can accurately plan for and with its workforce.

#### 4.4 Building Organisational Capacity

##### Equality & Diversity Training

Training continues to be an important method of mainstreaming equality, diversity and human rights throughout the Council, Education Authority and Licensing Board. As part of the Equally Safe at Work Accreditation Process and Equality Plan 2021 – 2025, a programme of equality, diversity and human rights awareness training which focussed on:

- Ensuring that Midlothian Council is able to meet its general and specific duties under equalities and human rights legislation.
- Providing employees with opportunities for learning and awareness of their role and responsibilities under equality and human rights legislation.
- Developing a skilled, motivated and culturally capable workforce that can bring about changes that will improve services and tackle inequalities.

In addition, updates for the Council's Corporate Management Team and Elected Members on Equality, Diversity and Human Rights Awareness and the Integrated Impact Assessment focusing on the benefits that this process gives to service planning and delivery as well as staff wellbeing have been, and will continue to be delivered.

Further, staff have been encouraged to undergo refresher equality and diversity training, and those involved in developing service planning and delivery to request more detailed training in the need for and use of the Integrated Impact Assessment tool has continued.

#### 4.5 Staff Equalities Group

Earlier Mainstreaming Reports noted the intention to review the structure and purpose of the previous Equality Working Group (EWG). Work on the planned review was delayed and the subsequent formation of an Equalities Forum superseded the review.

Alongside colleagues, the Equalities Engagement Officer (EEO) set up a series of drop-in sessions for staff to ascertain if there was interest in setting up a Staff Equalities Group and devising Terms of Reference for the group. A core group of ten staff members was established and began meeting monthly from November 2019 with the following purpose/aims:

- To offer the opportunity for colleagues from all areas of the organisation to inform and collaborate on equalities action.
- Working collectively towards improving policies and practices and implementing change.
- Sharing experiences and providing advice and support in a confidential safe space.

Members of the group have been pro-active in raising equalities issues and sharing information. Work is in hand to refresh and extend this group.

#### 4.6 Joint Community Planning Equality Forum (CPEF)

Work on the remit and membership of the Joint East Lothian and Midlothian Community Planning Equality Forum (JE&MCPEF) has not progressed as planned in earlier reports. A decision regarding whether this forum, or a different version of the forum, is to be progressed is still required and the advice of the Midlothian Community Planning Partnership is to be taken. This work will be reported on in the next Progress report.

Whilst the intention was to have a joint forum with East Lothian Council, in practice the community level activity associate with equalities has been taken forward by Midlothian People's Equality Group (MPEG).

#### 4.6 Midlothian People's Equality Group (MPEG)

The Midlothian People's Equality Group (MPEG) is a group of local people with diverse backgrounds who aim to:

- Promote equality and challenge prejudice
- Build relationships across Midlothian's communities of interest where people feel valued and trusted
- Provide a platform for Midlothian people to learn, educate and communicate about local equality issues of concern and interest; and have a voice in local policy and planning.

The group is assisted by Midlothian Council who support the group on an ongoing basis: attending board meetings; giving guidance and support with practical tasks such as funding applications/ OSCR submissions/ volunteer development/ policy and procedures; and working in partnership with MPEG and other organisations to host events and projects.

#### 4.7 Working with the Procurement Section

Work with the procurement section has resulted in the following:

- Development of equality issues within our procurement strategy such as buying with other community planning partners and increasing supplier diversity;
- A review of the current provision for equality in procurement; building equality into the business case and engaging with service users;
- Introducing equality requirements in contract specifications including;
  - Specifying positive action and reasonable adjustments as well as workforce requirements;
  - Using more inclusive advertising and selection of tenderers' processes;
  - Developing an inclusive award process as well as implementing equality contract conditions and monitoring them; and
  - Learning lessons at the end of a contract

This focus ensures that the procurement process is informed by the responsibilities and obligations within the Equality Act 2010 (Specific Duties) (Scotland) Regulations

2012, particularly to consider the use of award criteria and conditions in relation to public procurement.

#### 4.8 Equal Midlothian Week and Midlothian Mela

Equal Midlothian Week has been established as an annual programme of events with a range of organisations coming together to offer a variety of events which promote and celebrate equality, raise awareness and reach out to all communities. Details of the programme for 2023 is shown in the outcomes section of this report.

The Equal Midlothian Week events usually culminate with the annual multi-cultural celebration, the Midlothian Mela. Unfortunately, due to staffing issues there was no Mela held in 2023.

#### 4.9 SWAN (Scottish Workplace Networking) for LGBT People (Midlothian Council is a member)

Ian Arnot and Robert Cole, who were involved with British Telecom's (BT) LGBT Networking Group, Kaleidoscope, founded SWAN in 2008. At the time, many companies and public sector employers had their own networking organisations but there was nothing that connected them. SWAN was created in order to fill this gap and provide a network in Scotland to bring people from different sectors together.

SWAN has become synonymous with networking within the LGBT professional community. As an organisation they have been hosted at many major businesses in the central belt of Scotland and attendance is consistently growing. SWAN aims to provide LGBT people with access to networking opportunities and with the help of corporate hosts they are able to do this absolutely free.

#### 4.10 LGBT Youth Scotland

LGBT Youth Scotland is the largest youth and community-based organisation for lesbian, gay, bisexual and transgender (LGBT) people in Scotland. The charity's mission is to:

"Empower lesbian, gay, bisexual and transgender young people and the wider LGBT community so that they are embraced as full members of the Scottish family at home, school and in every community."

The Council is a member of the Lothian LGBT Development Group.

In past years the Council's Equality Engagement Officer (EEO) has also co-ordinated group attendance at Edinburgh Pride marches with LGBT Youth Scotland. This work has stalled as the EEO post is currently vacant.

#### 4.12 Participation in Equality & Rights Network (EaRN)

The Equality and Rights Network (EaRN), is a member-led network that seeks to advance equality, promote human rights and tackle inequality and poverty in Edinburgh and surrounding areas.

#### 4.13 NHS Gypsy/Traveller Roma Forum

The Equality & Diversity Officer attends this group which looks after the specific health issues relating to Gypsy/Travellers in the East & Midlothian areas. The group was refreshed during 2015/17 and Midlothian Council remains an active participant.

#### 4.14 Gathering information about the experiences of equality groups

The Council continues to recognise that gathering information/ evidence about the needs and experiences of those with protected characteristics is an important way for the Council to deliver services that meet the needs of the community. The Council does this in different ways including community engagement, participation and desk based research. Since the publication of the initial Equality Plan in 2013 and update in 2017 a number of key developments have strengthened the knowledge we have about our communities:

- Introduction of new Place Plans under legislation planning. These replace Local Neighbourhood Plans (LNPs) which provided opportunities for local people to engage with local issues and improvements for their local communities.
- Development of the Community Planning Annual Planning Day event gives local communities the opportunity to hear more about and get involved in broader community planning work. Development of the plan is underpinned by the Midlothian Profile which presents information on the make-up of Midlothian's communities across a range of category, including some protected characteristics.
- Continued support for Midlothian Community Councils
- Development of the Midlothian Citizen's Panel as a mechanism to gather the views of local people on key issues.
- Development of the 'The Champions' Board' whose remit is to provide a platform for looked after children to engage with their corporate parent and make their needs known.
- Successful working relationships with regional and national equality groups to provide information / evidence about particular groups that have no local representation
- Use of National Resources including 'Equality Evidence Finder' developed by the Scottish Government/ Improvement Service.

## **5.0 Other ongoing work in support of equal opportunities Council-wide**

### **5.1 2022**

Equal Midlothian Week 2022 saw organisations working on equalities issues profiling their work which:

- Promoted a more equal Midlothian
- Raised awareness of equality issues
- Celebrated the work people do on equalities in Midlothian
- Created stronger links between groups and involve local adults, young people and children
- Reached out to all communities

A week of events planned to bring communities together and highlighting equalities work in Midlothian included:

- Invisible Women – Data bias in a World Designed for Men
- Vision Impairment Awareness Training
- The UNCRC, My Child & Me
- Men in Child and Social Care
- CLD & IGBE
- Women in Leadership
- Islamophobia Causes and Cures
- Unconscious Bias Training
- Are we all imposters?
- Decision Making for Inclusive Practice
- LGBTQIA+ Support with Health in Mind
- Information sessions for people from minority ethnic communities (Peer connecting Black and Minority Ethnic, Health in Mind)
- What is public sociology? And what can we do with it?
- Introduction to British Sign Language
- Visual Awareness session

The annual Midlothian Mela in 2022 was an in-person event held in the Dalkeith Arts Centre and included the MPEG AGM, a Talking Books Session and a number of social activities. The event also looked to encourage those interested in volunteering to support the MPEG activity across the year.

## 5.2 2023

### ***Equal Midlothian Week***

Equal Midlothian Week has become an exciting annual programme of events. A range of organisations come together to offer a variety of events which promote and celebrate equality, raise awareness and reach out to all communities. Events on offer in 2023's programme were:-

- **Cooking with Nila**  
Come along and take part in some Indian Cooking with Nila. This class will teach you some basics that could save you spending money on takeaways.
- **What Makes Good Support for people with learning disabilities (People First event)** Take part in a giant snakes and ladders game! This is a free fun event for people to talk about their experiences. Just watch or join in the fun. Drinks and snacks provided.
- **Understanding sexuality and gender identity for parents and carers.** Are you a parent or carer for a young person questioning their sexuality or gender identity? Do you want to better understand this topic? Join in with this online discussion.
- **LGBTQIA+ history.** A special event is being held as part of Equal Midlothian Week to discuss LGBTQIA+ history.
- **Multilingual Bookbugs.** Bookbug encourages parents and carers to share books with their children as early as possible to inspire a love of reading. This is a special multilingual session for Equal Midlothian week.

## 6.0 **Areas for development moving forward**

6.1 In addition to ongoing projects/work noted above, the following areas of work will be developed further moving forward:

- Further consideration of the implications of the Fairer Scotland Duty and how the Council, Education Authority and Licensing Board can ensure that we meet the requirements of this new aspect of the Equality Act;
- Consideration of the implications of the United Nations Convention Rights of a Child (UNCRC);
- The Council will ensure that all training offered reflects the socio economic duty. The Council will also work to ensure we focus on key policy areas and new legal requirements including the BSL Plan, and the Gaelic Language Plan;
- Continue to develop our approach to equality monitoring and data collection to ensure we meet the requirements of GDPR and also ensure that any information collected reflects the most up to date approach to monitoring and gives us the information we need to develop responsive services;

- Build relationships with individuals and organisations who can assist us by getting involved in progressing equality outcomes;
- Meet with managers and other stakeholders within the Council who can assist the Equality & Diversity Officer in mainstreaming progress and plans for the future;
- Evaluate and improve further our approach to the duties on Procurement;
- Ensure that the Equal Pay Statement and the Gender Pay Gap information covers all the requirements of the Act.

## **7.0 Employee Information Analysis for the year 2021/2022 (See Section 14 for Data tables for the period 31/03/2017 to 31/03/22)**

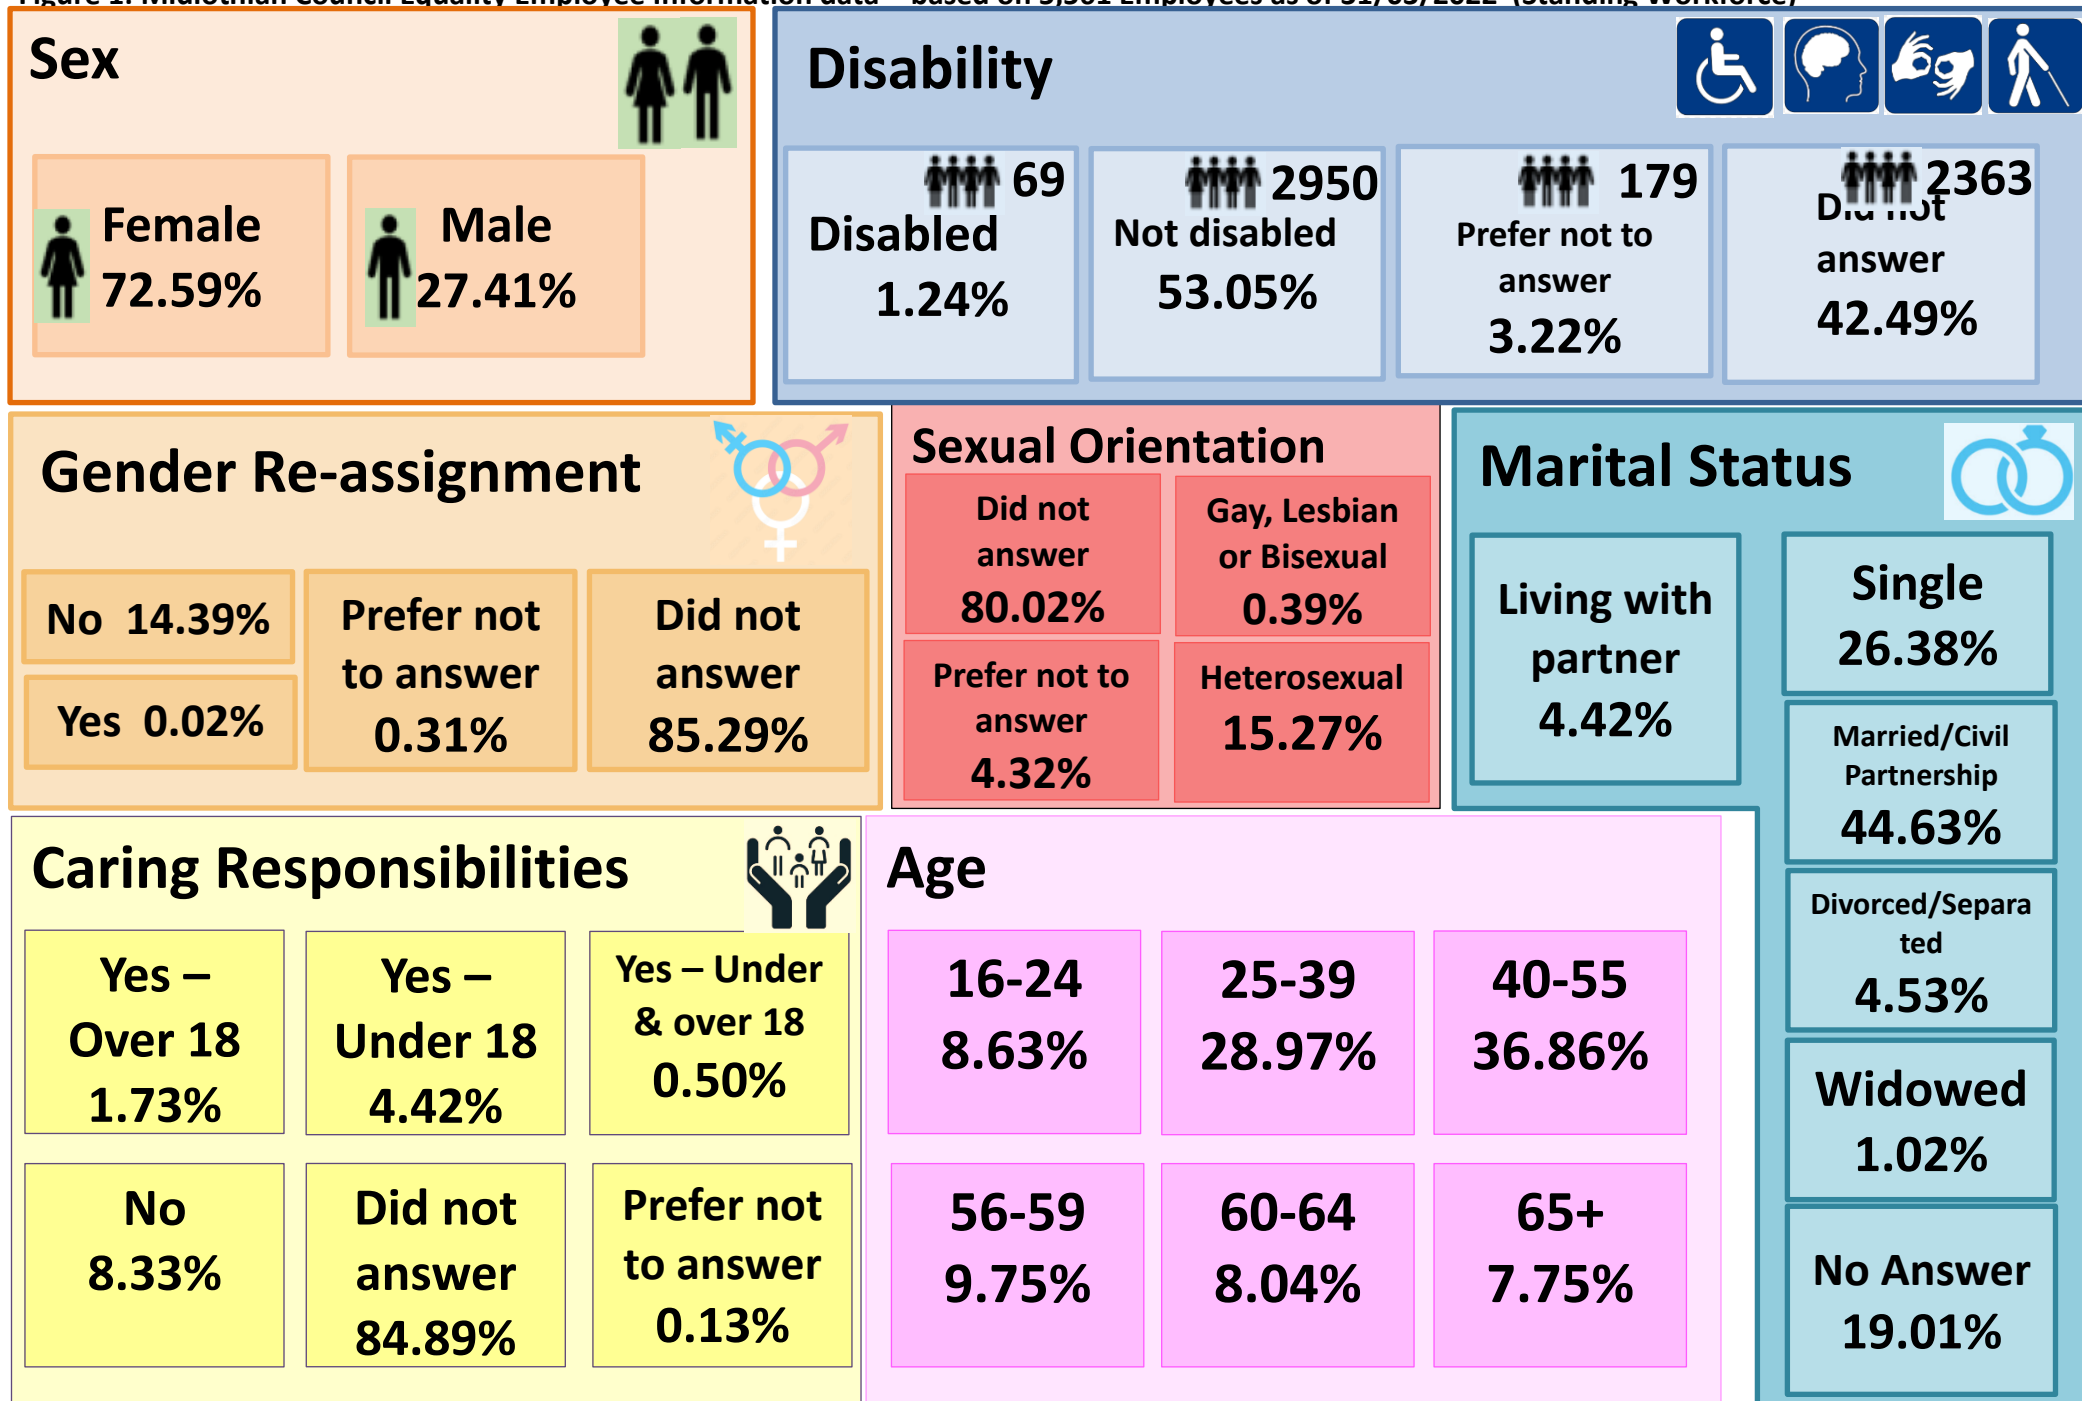

### **7.1 Key Findings:**

- There continues to be reluctance from many employees to answer equality monitoring questions, and understanding and resolving the reason/(s) for this continues to be a priority action for the Council to address within the period of Midlothian Equality Plan 2021 – 2025. (A data audit exercise in 2020/21 did not deliver the hoped for improvement in employees self-identifying against the protected characteristics and a wider exercise supported by the Council of Ethnic Minority Voluntary Sector Organisations (CEMVO) is being developed to better understand the reasons for this and encourage increased take up).
- The Council continues to consider the data and information it gathers in relation to its standing workforce, those leaving the organisation, and those it attracts to apply for positions within the organisation. A continued focus on identifying and analysing employee data and information will provide the Council with robust knowledge about its workforce, the reasons why individuals leave, and what attracts new applicants to want to work for the authority.
- Further development opportunities offered to managers to raise their awareness and understanding across all protected characteristics will support planned activities (positive action campaigns) to attract a more diverse workforce from across all protected characteristics that will better reflect those within Midlothian's communities.
- In round terms the organisation attracts and recruits on a 70% female, 30% male approx. basis which is in sync with the standing workforce. The Council needs to consider looking into ways of attracting more males into the workforce (positive action campaigns) particularly into traditionally seen female roles such as

teaching. Further, the Council needs to consider looking to attract women (again positive action campaigns) into traditional male areas such as waste, transport, amenity, and STEM (science, technology, engineering and mathematics) professions.

Figure 1: Midlothian Council Equality Employee Information data – based on 5,561 Employees as of 31/03/2022 (Standing Workforce)

## 7.2 Workforce Profile Analysis (for period 01/04/21 – 31/03/22)

The following provides an update with regard to equality data analysis for the standing workforce. An overview of the standing workforce across most of the equality data areas as at 31 March 2022 is shown in Figure 1 above and a full breakdown of percentage splits for all employee equality data from 31 March 2017 to 31 March 2022 is shown in appendix 1.

### **Age**

During the year the greatest number of employee remains as during 2015/16, 2016/17, 2017/18, 2018/19, 2019/20, and 2020/21 within the age band 40 – 55. Otherwise numbers in each age bracket are very similar to 2020/21, the workforce has increased by 286 over the last 12 month period.

### **Sex**

The sex mix of the Council's workforce remains very much in line with the make-up previously reported in 2020/21 (female 73.04% and male 26.96%).

### **Sexual Orientation**

With over 80% of the workforce choosing not to respond regarding their sexual orientation, this is an area requiring further investigation as part of the wider reluctance of staff to disclose information and this will be undertaken during the period of Midlothian Equality Plan 2021 – 2025.

### **Caring Responsibilities**

In previous years and this employees were asked 'do you have caring responsibilities'. The data presented shows data received in relation to this question. As with other characteristics investigation needs to take place as to why over four fifths of the workforce does not wish to divulge if they have caring responsibilities.

### **Disability**

During the year 2021/22 the disability profile of the workforce was:

Type of Disability	Number	Percentage
Did Not Answer	2363	42.49
No disability	2950	53.05
Prefer not to answer	179	3.22
Yes - Learning Disability	9	0.16
Yes - Longstanding Illness	17	0.31
Yes - Mental Health Condition	14	0.25
Yes - Other, such as disfigurement	8	0.14
Yes - Physical Impairment	12	0.22
Yes - Sensory Impairment	9	0.16
<b>Total</b>	<b>5561</b>	<b>100.00</b>

The number of employees who ‘prefer not to answer’ and ‘did not answer’ remains too high at just below 46% of all responses. A mandatory staff equality audit was completed during 2020/21 with little improvement in the response rate. There are plans to investigate the reason/(s) for this during the period of the Equality Plan 2021 – 2025 through Midlothian Staff Equalities Group and the Council’s Human Resources section.

In relation to the previous year’s (2020/21) responses, the percentage of those not answering has decreased slightly. This is a positive direction and will be followed up on during the course of the next year.

### **Gender Re-assignment**

In answer to the question ‘have you ever identified as a Transgender person or Trans person?’ in 2015/2016 no positive responses were recorded. As the data presented shows in 2021/2022 and for the last three years, positive responses were recorded. This would indicate that those responding feel safe and happy to do so within the organisation, and it would be a very positive step forward if they would share with the Equality Officer why this is so. (It would also be important to ascertain if they had previously recorded a ‘yes’ to this question, as there were positive responses in 2014/15, and had not felt confident to do so in 2015/16). Sensitive enquiries in this regard will be carried out during the period of the Equality Plan 2021 - 2025.

Notwithstanding this, it is still very disappointing that only around 14.5% employees are prepared to answer this question, (either yes or no), which identifies the need for further work to understand why this is the case within the workforce.

### **Marriage and Civil Partnership**

Whilst noting a slight increase from the previous year in the number of staff who ‘did not’ answer, as with other protected characteristics the Council needs to look into why 19.01%, one fifth of its workforce, are reluctant to provide details of their marriage, civil partnership or other status.

### **Race**

<b>Ethnic Origin</b>	<b>Number</b>	<b>Percentage</b>
African (inc Scottish/British)	*	*
African Other	6	0.11
Arab (inc Scottish/British)	*	*

With just over 80% of the workforce not being prepared to state their religion or belief there is again a great need to investigate the reason for this during the period of the Equality Plan 2021 – 2025.

From 2016/17 data across all protected characteristics is available for pregnancy and maternity. What this data shows is that within the specific characteristic of pregnancy

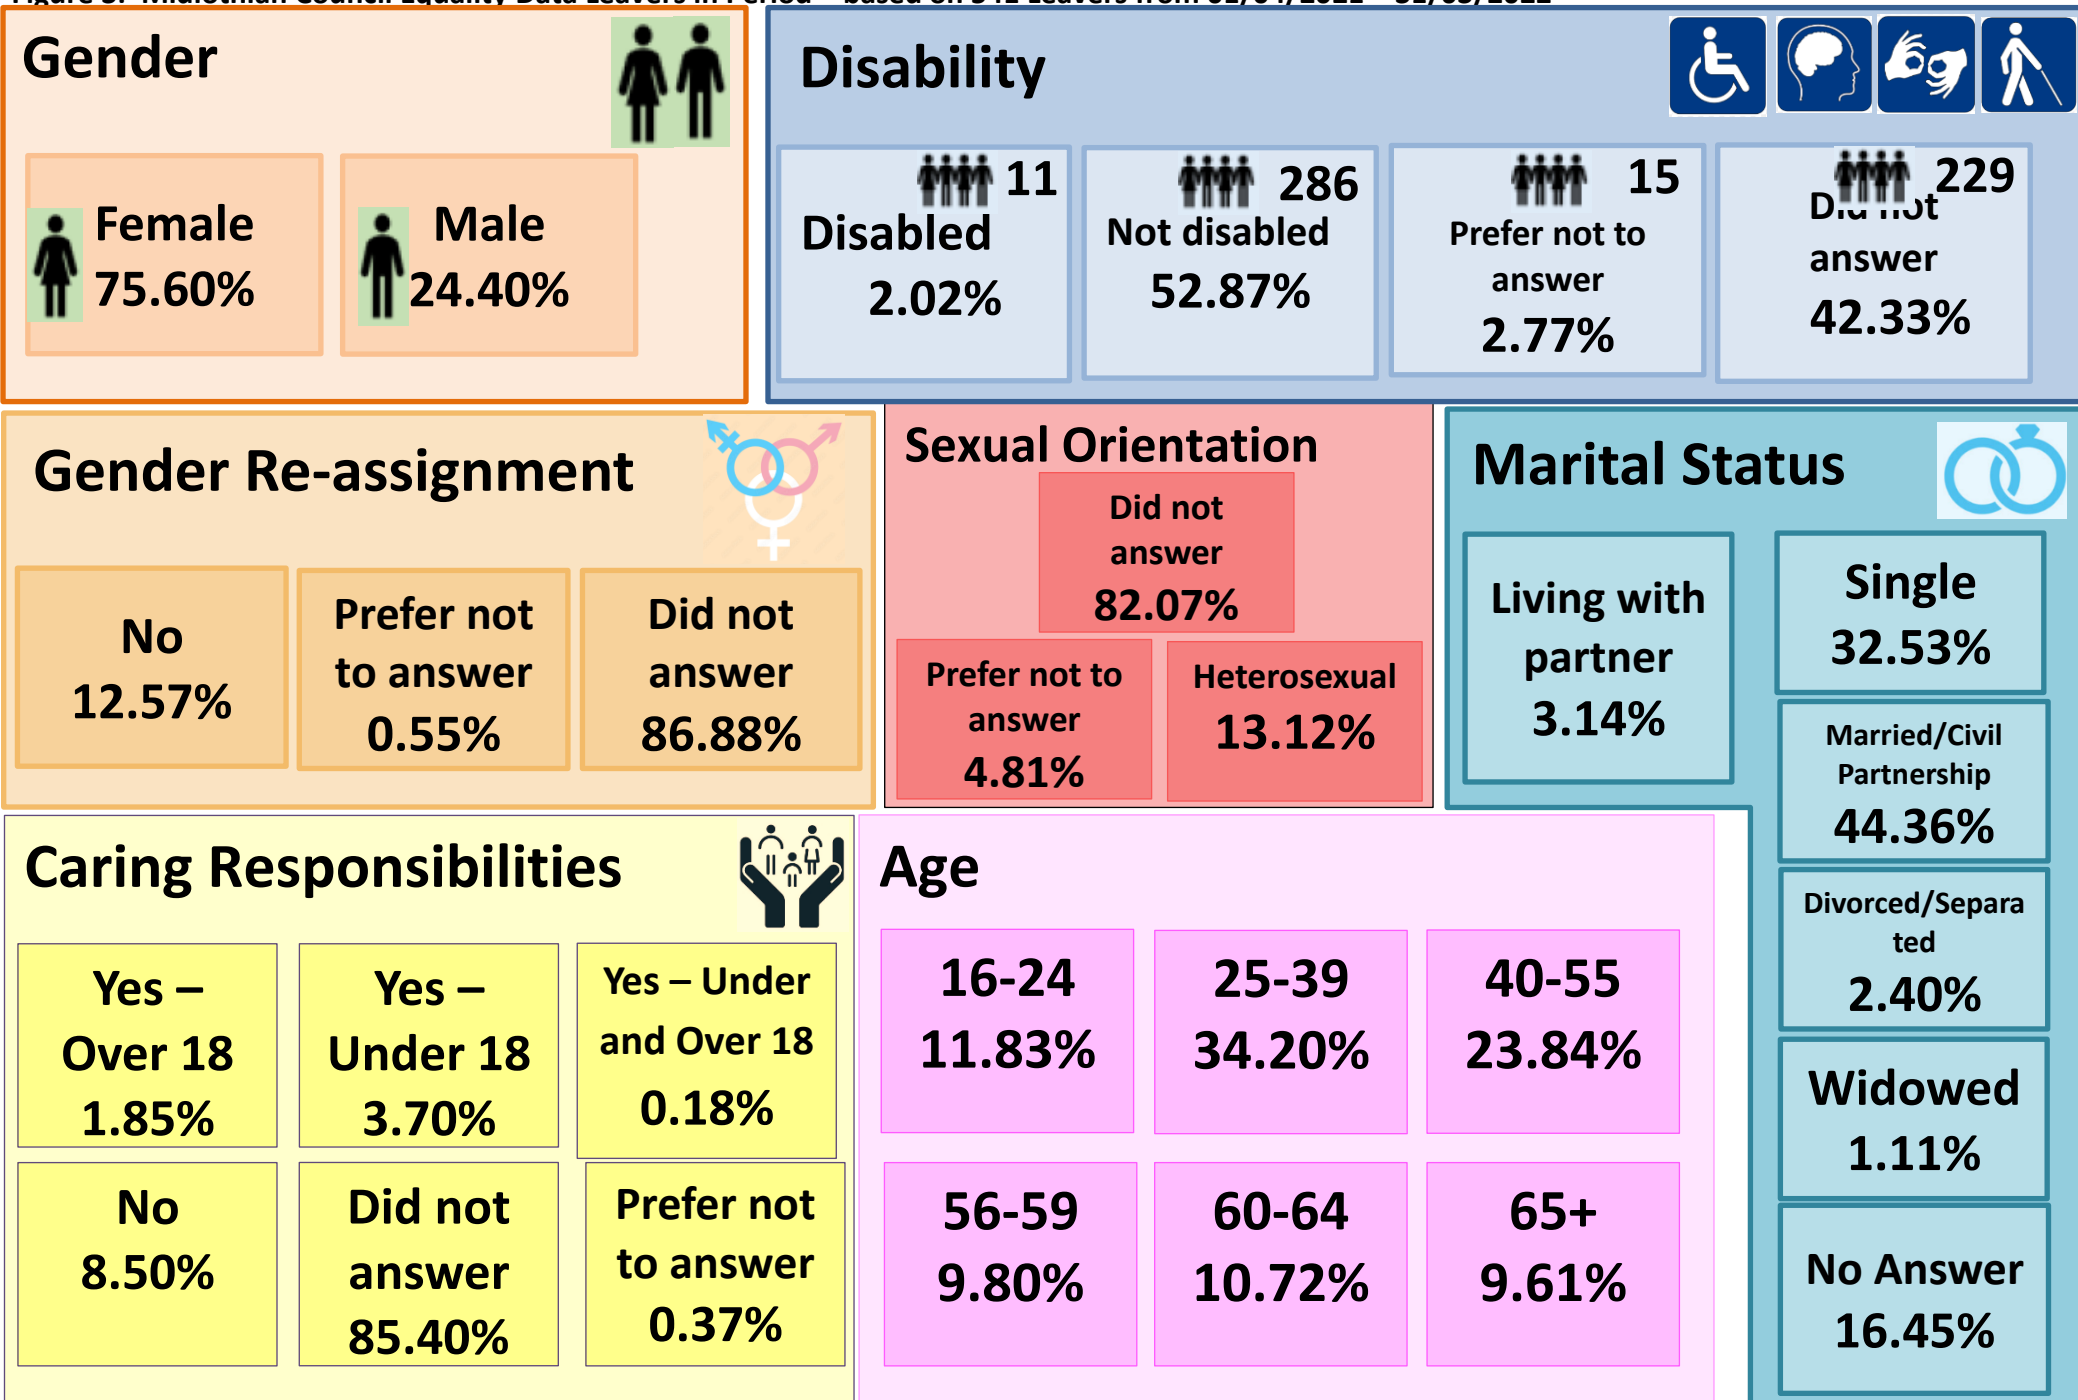

and maternity there is still a reluctance to disclose disability, gender re-assignment, race, religion and faith, sexual orientation and caring responsibility.

The reason/(s) for this reluctance to disclose needs to be better understood if the Council is to be considered an employer of choice. Further consideration of this will be carried out during the period of the Equality Plan 2021 – 2025.

As for previous years, for those employees who are pregnant or on maternity leave their roles are risk assessed to determine any potential negative health impacts and they are, in line with statute and best practice, given special leave to attend appointments associated with their pregnancy. During maternity leave they are again, in line with statute, offered the opportunity and actively encouraged to take part in 'keep in touch days'. Employees on maternity leave are also communicated with on a regular basis in terms of keeping them up to date with any changes.

There is much emphasis on the importance to foster good relations in order that when an employee returns to work after a period of maternity leave the transition back to work is one where the employee feels fully integrated as soon as possible. Many of those returning from maternity leave apply for and are granted more part time and/or flexible working opportunities.

Figure 3: Midlothian Council Equality Data Leavers in Period – based on 541 Leavers from 01/04/2021 – 31/03/2022

## 7.4 Leavers Profile Analysis

Data/information for leavers has been collected and analysed since 2016/17. The following provides an update with regard to equality data analysis relating to leavers for the period 01/04/2021-31/03/2022. An overview across most of the equality data areas as at 31 March 2022 for leavers is shown in Figure 3 above.

### **Age Profile**

In 2021/22 as in the previous four years, around one third of leavers from the Council were in the age bracket 25 – 39.

### **Gender**

The leavers profile corresponds to the staying working profile at around a 70/30 female/male split.

### **Disability**

With just over 2 percent of leavers declaring information on disability when leaving, the Council needs to understand why there is such a reluctance to acknowledge disability by the leaving workforce.

### **Sexual Orientation**

With just under 87% of leavers not answering the sexual orientation question, the Council needs to investigate any potential negative undercurrents that may be causing a reluctance to disclose.

### **Gender Re-assignment**

As with previous characteristics, investigation needs to take place as to why approximately 87% of the leaving workforce do not wish to answer a question regarding gender re-assignment.

### **Marriage & Civil Partnership**

Again, as with previous characteristics, investigation needs to take place as to why 16.45% of the leaving workforce do not wish to divulge their marital status.

### **Race**

<b>Ethnic Origin</b>	<b>Number</b>	<b>Percentage</b>

\* Where the number reported is five or less we are required to respect anonymity and the number is therefore withheld.

As in previous years well over 50% of workforce leavers answered a question about ethnic origin. This is positive and needs to be built on in succeeding years.

### **Nationality**

<b>Nationality</b>	<b>Number</b>	<b>Percentage</b>

The Council needs to understand why over a third of leavers either did not answer or preferred not to answer the nationality question.

### **Religion, Faith or Belief**

<b>Religion or Belief</b>	<b>Number</b>	<b>Percentage</b>

Roman Catholic	8	1.48
<b>Total</b>	<b>541</b>	<b>100.00</b>

\* Where the number reported is five or less we are required to respect anonymity and the number is therefore withheld.

Since last year there has been a 5.37% decrease in the percentage of leavers who either did not answer or preferred not to answer the religion, faith or belief question.

### **Caring Responsibilities**

With just under 86% of leavers not answering the caring responsibilities question, the Council needs to investigate why this is the case, although it should be noted that this figure has dropped by 6% since last year.

65+	2	0.29
Did Not Answer	528	76.63
<b>Total</b>	<b>689</b>	<b>100.00</b>

It is interesting to note that within the age range 25 -39 there is a greater percentage of applicants and successful candidates providing age data. However, those not answering the question remains far too high at over two thirds of applicants and successful candidates.

Traditionally and in round terms the organisation attracts and recruits on a 70% female, 30% male basis which is in sync with the standing workforce. This year in round terms we cannot comment as so many candidates/recruits have not answered the question. The reason for this lack of disclosure must be investigated.

Although the percentage not answering is less in comparison to the standing or leaving workforce, the organisation still needs to understand why there is any

reluctance to answer this question. Work to understand why will be undertaken during the period of Midlothian Equality Plan 2021 – 2025.

### **7.6 Training Profile Analysis**

The Council continues to use different approaches to training such as one-to-one, group coaching sessions and leadership management courses for identified learning needs. This move away from a one size fits all classroom training approach continues to facilitate inclusion for all employees irrespective of protected characteristic.

It should however be noted that during the current pandemic and recovery period training has been carried out on-line via MS Teams.

### **7.7 Conclusion**

The Council remains fully committed to the ethos of the Equality Act 2010 and is determined to provide employees with a workplace of choice that is fit-plus for the 21<sup>st</sup> century.

Gathering data and information for this analysis has continued to highlight a number of areas for the Council to focus on in the years ahead. The main points of note are:

- The age profile of the Council (largest age band 40 – 55 standing workforce) continues to represent challenges to workforce succession planning within the organisation.
- Work needs to be done to ensure that the Council is a positive workplace for lesbian, gay, bi-sexual and transgender (LGBT) employees and new recruits.
- Engagement with employees in relation to equal opportunities is an important means of giving the Council a more qualitative insight into the issues concerning employees, and allows the Council to take these on board when reviewing and developing new policies. The Council needs to encourage employees to feel confident about declaring their disability, sexual orientation or information about other protected characteristics.
- The Council needs to further develop its reputation as a modern, inclusive and welcoming workplace both for existing employees and for new recruits.

- The Council needs to continue to develop the data and information it gathers on existing employees, leavers, and potential new recruits in order to be a modern employer of choice.

## 7.8 Employee Data 2022/2023

Data for the period up to 31 March 2023 was not available at the time of producing this report. As in previous years, an annual update of employee data (up to 31 March 2023) will be published later in 2023.

## 8.0 Gender Pay Gap

- 8.1 The gender pay gap between average hourly rate of pay for male and female - all council employees as at 31/03/2022 is 2.52%, (decreasing from 2.7% on 31/3/21).
- 8.2 Table 1 shows the data and formula used to calculate the 2.52% gender pay gap:

### **9.0 Equal Pay Statement**

#### **9.1 Equal Pay Statement**

Midlothian Council believes in equal opportunities in employment and is committed to the fundamental principle that procedures to determine the pay and conditions of employment of all our employees do not discriminate unlawfully and aims to eliminate any sex bias or any form of discrimination. The Council recognises that in order to achieve equitable pay it should operate a pay system which is transparent and based on objective criteria.

The Council believes that pay is one of the key factors affecting motivation and relationships at work and therefore considers it important to develop pay arrangements that reward employees fairly. The Council will work with Trade Unions to develop fair and non-discriminatory pay and progression systems which are understood and accepted by employees and by the managers who operate the system. All aspects of the pay package will be reviewed and monitored regularly to ensure it delivers equal pay. Any pay inequalities which cannot be justified will as far as is possible be eliminated.

The Council will aim to:

- Continue to use objective, justifiable and proportionate job-related information and an analytical job evaluation scheme to determine the salaries of jobs and the Council's salary structures.
- Monitor existing and future pay practices and the impact or potential impact on men and women.
- Assess and review the findings of monitoring activities and take action where necessary.
- Provide development and guidance for managers and others directly involved in decisions about pay and benefits.
- Continue to work with the recognised Trade Unions on equal pay and equalities in employment.
- Inform employees of how our pay practices work and how their own pay is determined.
- Respond promptly and investigate where necessary grievances on equal pay.

## 10.0 Occupational Segregation

### 10.1 Horizontal and Vertical gender segregation.

Historically, women and men tend to be clustered into different occupations and sectors. There are many contributory factors to this segregation including stereotyping about men and women's capabilities and skills; the culture associated with different types of work; and access to training courses and apprenticeships.

Although job segregation can restrict choices for men and women, the jobs which are most likely to be done by women are also those that are associated with lower pay, part time hours and limited possibilities for progression. These are sometimes referred to as the '5 Cs' - cleaning, catering, cashiering, clerical work and caring.

Vertical segregation allows for analysis of protected groups clustered in jobs that have been rated as equivalent. Jobs are rated as equivalent when they have been assigned the same grade following job evaluation. The Council operates a robust job evaluation process for Local Government Employees using the agreed Scottish Joint Council Job Evaluation Scheme and SNCT Job Sizing for Teaching Professionals with all other grades agreed and set nationally for local application.

### **11.0 Progress on Equality Outcomes set in the Midlothian Equality Plan 2021 - 2025**

- 11.1 In the Council's Equality Plan 2021 – 2025 it was noted that: *'An equal society protects and promotes equal, real freedom and substantive opportunity to live in the ways people value and would choose so that everyone can flourish. An equal society recognises people's different needs, situations and goals and removes the barriers that limit what people can do and be.'* UK Equalities Review 2007. During the period 2021-2023 Midlothian Council has been working to achieve this fairness of opportunity and existence through the Equality Plan.
- 11.2 The Council has been doing this throughout the timeframe of the current equality plan and notes progress over the period of the plans as shown in 11.3.

### 11.3 Progress on Equality Outcomes Table

#### 1. Accessibility

Services will be more accessible for all with improved digital inclusion and communication and an inclusive physical environment

Measure of Success	Action	Action update
Channel Shift – greater flexibility and new ways to access services.	Channel shift is embedded as a core theme within the Customer Service and Digital Services strategies and delivery programme, and progress will be reported through annual updates over 2021 to 2025	The Customer Services Platform (CSP) and re-design of key services that will improve the end to end customer journey and increase accessibility with new ways to access services. A number of modules for CSP have been launched including FOIs and the request for replacement certificates for our Registrars service. Both of these modules allow our customers to request information online at a time that suits them.
Web Accessibility – ensuring our web sites comply with the Public Sector Bodies (Websites and Mobile Applications) Accessibilities Regulations (No. 2) 2018.	Provision of adapted communication methods for specific access requirements (BSL interpreters or Text Relay services for deaf customers Language translation services for customers for whom English is not their first or preferred language - Reach Deck).	The following Accessibility Statement is featured on the Midlothian Council Website: <a href="#">Accessibility statement   Midlothian Council</a> and outlines all aspects to ensure that we are compliant with all relevant regulations. In addition, there is a plan of work looking to update the inaccessible aspects of the website such as older PDFs.
Digital Access and Skills/ Libraries - programme of activities to address the digital divide and ensure the benefits of the internet and digital technologies are available to all.	Provide and sign-post a wide range of digital support tools within libraries including providing access to computers, the Internet, digital content, and digital literacy programs	Library Services provide free access to computers, the internet and Wi-Fi. The staff also provide support to assist customers to access other Council services for example with the Assisted Garden Waste payment and also for any other digital assistance. We work closely with Communications, CLLE and other Council and TSI services to assist in providing access to digital skills classes and sessions whether using library PCs or their own device.

This includes receiving assurance from Midlothian HSCP that there is a similar process in place for the operational planning and delivery of services working towards the ambitions of the Strategic Commissioning Plan.</p> <p>Additionally, Midlothian IJB is asked to report annually on positive experience and dignity as part of the <a href="#">IJBs Annual Performance Report</a>.</p>

## 2. Housing

Increased supply and access to affordable housing via the Strategic Housing Investment Plan, and improved options to support independent living for those with complex needs via Housing First initiative. A reduction in homelessness as a result of a housing-led approach to provide settled housing options as quickly as possible. Approaches to prevent and address isolation are strengthened across communities.

members more accurately reflect the community it serves.	(Scotland) Act 2005, with equal regard to the interests of persons with protected characteristics	
	The Board will promote accessibility to all licensed premises in Midlothian for people with disabilities through its application of the relevant provisions of the Licensing (Scotland) Act 2005 and its statement of licensing policy.	The Board continues to promote accessibility to all licensed premises. The Board's Licensing will be reviewed in 2023 and this will be an important aspect of any policy going forward.
	Disability Access and Facilities Statements (DAFS) are required to be submitted along with all applications for premises licences.	It remains a requirement that Disability Access and Facilities Statements are submitted with all applications.
	Midlothian Licensing Board Policy 2018 - 2023 signposts licence holders to their duties under the Equality Act 2010.	The Policy continues to do so. The Board's Licensing will be reviewed in 2023 and this will be an important aspect of any policy going forward.

### 12.0 Next Steps

12.1 The outcomes are supported by an Equality Plan, which continues and develops further the commitment the Council has to equality, diversity and human rights with the aim of further:

- Embedding a culture where respect, choice and understanding is fostered and diversity positively valued;
- Creating an environment where unlawful discrimination, harassment, victimisation or bullying is not tolerated;
- Understanding and addressing the needs of different groups; and
- Embedding the equality agenda in all that we provide and do to ensure that all people, irrespective of their age, disability, gender reassignment, marriage or civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation or socio economic status have the same opportunity to live and flourish within our communities
