

Adult, Social Care Annual Performance Report 2015/16

01. Progress in delivery of strategic outcomes

Integration: Scottish Government approved the proposed Midlothian Integration Scheme in June 2015, and the new Integration Joint Board went live on 20th August 2015. This Board approved a three year Strategic Plan in December 2015 and issued formal Directions to Midlothian Council and NHS Lothian on 31st March 2016.

Older People: The transformation programme of older people's services included the expansion of intermediate care at Highbank, which received Grade 5s from the Care Inspectorate. MERRIT (Midlothian Enhanced Rapid Response Intervention Team) continued to develop with the Hospital at Home service managing ten patients at a time over a seven day a week service. In relation to dementia, plans are well developed to transform Newbyres Care Home following a poor inspection report and the new joint service is well established. A full review of day services is underway to ensure isolation is effectively addressed.

Mental Health: There has been an increasing emphasis on promoting preventative and low level support through the expansion of outreach services, the development of a new "Gateway" service, expansion of peer support and the continuation of the library's *Bibliotherapy* Service. A particular focus has been the strengthening of joint working between substance misuse and mental health through management arrangements and regular staff meetings.

Long Term Conditions, Physical Disability and Sensory Impairment: Full reviews of services to people with disabilities and/or sensory impairment were undertaken in full consultation with the public during 2015-16. New plans have been approved including, for the first time, a stand-alone plan for the many people who have sensory impairments in Midlothian. New services were introduced in Health Centres to support people with long term health conditions, and a new support service for people recovering from treatment for cancer has been established.

Criminal Justice: A new Community Safety and Justice Partnership was formed in preparation for the disestablishment of Criminal Justice Authorities in April 2017. 2016/17 will be a shadow year and Transitional Plan was sent to the Scottish Government at the end of January. The *Spring Service* for women with multiple and complex needs involved in or at risk of offending, has been developed and funded for 2016-17.

Substance Misuse: During 2015-16 a carers' support service was commissioned by MELDAP (Mid and East Lothian Drugs and Alcohol Partnership) and additional peer support services were developed, included a peer support group in Dalhousie Medical Practice. MELDAP are planning to implement savings as part of the redesign process to address the 20% reduction in drugs and alcohol monies announced by the Scottish Government. Despite this financial context, options are being pursued to establish a Recovery Hub in Dalkeith.

Public Protection: Following the formation of the Joint Public Protection Committee, Improvement Plans have been developed and are being implemented in all areas of Public Protection. Performance indicators are being reported and monitored quarterly. A programme of evaluation activities has been developed for 2016-17.

Learning Disability: The programme of transformation continued, with building work starting on the complex care housing development in Penicuik. Planning changes within Learning Disability health services continued in seeking a more integrated approach. Significant work has also been undertaken in the re-commissioning of residential and respite care provision while plans are in place or being developed to increase supported living provision, including arrangements for the few remaining people with learning disability living in a hospital setting.

Self Directed Support: Work continues to develop service provision to ensure service users have more choice and control in relation their care arrangements. Key areas of work have been developing practice in relation to outcome focussed assessment and care planning, changing operational procedures to facilitate increased flexibility and reviewing commissioning and planning activities to embed choice and control in service provision.

Carers: New services were introduced for carers of people misusing alcohol/drugs in relation to welfare reform, and in Dalkeith Health Centre. A new carers' strategy is being developed which will include actions to address the new carers legislation, improve emergency planning and continue to identify & support the many hidden carers.

02. Emerging Challenges and Risks

Funding Pressures: There is a continuing requirement to seek major efficiencies despite the growing demand, particularly in relation to older people. The service was overspent primarily as a result of some very high care packages and work is being undertaken to find more cost effective ways of providing care. The move towards an integrated budget through the establishment of the Integration Joint Board provides an opportunity to make better use of collective resources. Specific funding pressures include the delivery of services in relation to Violence Against Women and Girls and Multi-Agency Risk Assessment arrangements, and a full review is being undertaken.

Capacity and Quality of Services; The ongoing shortfall in care at home capacity has been difficult to manage and has had a knock-on impact on the Reablement Service due to the inability to move people following their period of reablement. The longer term viability of services in both care homes and care at home services requires a long term approach to workforce planning and the promotion of social care as a career, and this work is being undertaken on a multi-agency basis involving NHS Lothian and the Third Sector. A specific development has been the establishment of a Health and Care Academy. The decision to fund the Living Wage in the care sector also provides an opportunity to create a more sustainable and stable workforce.

Transformational Change: The service is undergoing a wide ranging programme of transformation. This includes how services are provided in line with Self Directed Support, the full implementation of integrated arrangements between health and social care, the redesign of services to achieve major savings targets and a reshaping of services to address emerging issues relating to long term health conditions, common mental health problems and the broader issue of health inequalities. Effective leadership, empowered and skilled staff and strong partnership working will be key to managing these complex and related challenges.

03. Service Priority Actions relating to the Single Midlothian Plan

Code	Priority	Action	Due Date	Icon	Progress	Comment & Planned Improvement Action
SMP.AH.ASC. 01.7	01. SMP - Support people with long term conditions	Implement the House of Care approach which will address the issue of nonclinical need in primary care while supporting people to self-manage their long-term conditions. Two GP Practices	31-Mar-2016		100%	15/16: Complete (100%). Now being implemented across the agreed sites in Midlothian – work has now started to seek funding to increase capacity within 5 other Practices in Midlothian.
SMP.AH.ASC. 2.8	02. SMP - Support people with dementia and their carers	Design and implement new approaches to supporting people with dementia and their carers in line with the 5 and 8 Pillars national frameworks.	31-Mar-2016		100%	15/16: Complete (100%). Co-production approach to 8 pillars adopted.
SMP.AH.ASC. 03.7	03. SMP - Support people to live well with cancer	Develop services to support people to live well with cancer after treatment as a national test site.	31-Mar-2016		100%	15/16: Complete (100%). Central point of contact now established within Lasswade Library, with an information and support centre. This provides free access to health and wellbeing services, including exercise and nutrition; benefits advice; employment support; and occupational therapy. Midlothian now has Scotland's largest patient advisory group, which is helping shape the project.

Code	Priority	Action	Due Date	Icon	Progress	Comment & Planned Improvement Action
SMP.AH.ASC. 04.3	04. SMP - Reduce incidents of falls	Develop and implement a preventative approach to reducing the incidence of falls	31-Mar-2016		75%	15/16: Off Target (75%). Falls Classes currently on hold due to lack of staff resource. Will need to reconsider the model and possibly work with Midlothian leisure. Pathway mapping exercise was productive at surfacing the complexity of falls referrals and the complexity of journeys through services. Significantly, the existing uninjured fallers pathway is being reviewed as questions have been highlighted around how accurate the information flows through it are. No guidance on pan-Lothian Falls Strategy currently and Midlothian strategy will address outstanding actions from Framework for Action for Scotland 2014/16.
SMP.AH.ASC. 05.1	05. SMP - Develop more local health services	Develop the use of the Midlothian Community Hospital including the provision of out-patient clinics and rehabilitation	31-Mar-2016		90%	15/16: Off Target (90%). Hot Topics public engagement event held on 28 January and Action Plan for Midlothian Community Hospital developed for implementation in 2016/17. Additional Audiology Clinics agreed and now waiting for Service to begin delivering these clinics.
SMP.AH.ASC. 06.1	06. SMP - Increase intermediate care provision	Extend the provision of intermediate care in Highbank by the addition of 7 beds	31-Mar-2016		100%	15/16: Complete (100%).
SMP.AH.ASC. 07.1	07. SMP - Speed up the process of discharge from hospital	Undertake some tests of change to shift towards the practice of assessing need at home (discharge to assess) rather than in a hospital setting	31-Mar-2016		100%	15/16: Complete (100%). This has been replaced by the strengthening of MERRIT (Midlothian Enhanced Rapid Response and Intervention Team); re-provisioning of Highbank, and considering the use of Midlothian Community Hospital. The hospital inreach team is also working well to identify people suitable for discharge and facilitating early interventions.
SMP.AH.ASC. 08.1	08. SMP - Avoid unnecessary hospital admissions	Extend the provision of the service to reduce further emergency admissions to hospital	31-Mar-2016		100%	15/16: Complete (100%). Interviews for additional medical cover now taking place in May and plans for further expansion of the service now being developed for implementation in 2016/17.
SMP.AH.ASC. 09.1	09. SMP - Increase the provision of telehealthcare	Develop new ways of utilising telehealthcare through early assessment of frailty, supporting people with dementia and their carers; and supporting training programmes in care homes	31-Mar-2016		75%	15/16: Off Target (75%). Frailty: Data sharing agreement drafted and with industry partner for final details and approval. Videoconferencing: National procurement did not progress as expected. Alternative route found through existing framework. In discussion with supplier for quote and scope of work. Dementia: Hub live (soft launch) and being developed.

SMP.AH.ASC. 10.1	10. SMP - Enable people with complex needs to live in a homely setting in Midlothian	Build new housing provision for people with complex needs to enable people to live locally	31-Mar-2016		75%	15/16: Off Target (75%). This is now expected to be ready in February 2017. Action to be carried forward to allow monitoring to continue.
SMP.AH.ASC. 11.1	11. SMP - Increase extra care housing provision	Work with Registered Social Landlords to progress a pilot to transform sheltered housing schemes into extra care housing provision	31-Mar-2016		25%	15/16: Off Target (25%). Review currently underway.
SMP.AH.ASC. 12.1	12. SMP - Improve access to services	Build on the success of the gateway clinics in areas such as mental health thereby speeding up access	31-Mar-2016		80%	15/16: Off Target (80%). Recruitment process started, proposed start date of August 2016.
SMP.AH.ASC. 12.2		Enable many more carers to access advice and support through information systems, the media and by proactive identification by health and care workers	31-Mar-2016		100%	15/16: Complete (100%). Citizen's Advice Bureau and Midlothian Voluntary Action secured monies from Midlothian Small Grants and Robertson Trust to explore local promotional campaign. Alzheimer Scotland running pilot surgery with VOCAL (Voices of Carers Across Lothian) around dementia awareness and support, resulting in increased referrals to Alzheimer Scotland for support for carers and cared for people.
SMP.AH.ASC. 12.3		Develop stronger links with BME communities and ensure that effective communication systems are available including interpreter services	31-Mar-2016		100%	15/16: Complete (100%). This is complete for 2015/16, however opportunities to develop links with the Black and Minority Ethnic community will continue to be sought.
SMP.AH.ASC. 13.1	13. SMP - Provide holistic services to people with learning disabilities	Develop more integrated and locally responsive services for people with learning disabilities	31-Mar-2016		75%	15/16: Off Target (75%). This will be complete when senior management responsibilities have been reconfigured.
SMP.AH.ASC. 14.1	14. SMP - Provide holistic service to people who misuse drugs and alcohol	Develop more integrated and locally responsive services for people who misuse drugs and alcohol	31-Mar-2016		100%	15/16: Complete (100%). A staff consultation is to take place in spring 2016.

SMP.AH.AS C.2.8a	02. SMP - Support people with dementia and their carers	Number of clients with new post diagnostic support	New for 15/16	33	33	40	46			15/16: Target Exceeded (46). This value does not include post diagnostic support available through the clinic offered at Midlothian Community Hospital. Currently it is estimated that around 100 people are supported through the clinic. Work needs to be done to collate data and contrast with those supported via Alzheimer Scotland Link workers and within the Single Service team.	25	
SMP.AH.AS C.2.8b		Number of clients with mild/moderate stage of illness when identified for 8 pillars support	New for 15/16	33	33	89	105			15/16: Target Exceeded (105). The number of clients supported by the three Community Psychiatric Nurses (CPN) within the team are not yet reportable. Therefore, this value is lower than actual performance, and work will continue to ensure that this can be reported in the future.	25	
SMP.AH.AS C.2.8c		Number of clients who have been allocated a Dementia Practice Support Worker who are actively involved with them	New for 15/16	22	22	82	98			15/16: New measure (98). This value does not include number of clients active and open to Community Psychiatric Nurses as there is no standard report currently available to determine this value. Work will continue to ensure that this can be reported in the future.		
SMP.AH.AS C.4.3a	04. SMP - Reduce incidents of falls	Increase the proportion of MERRIT callouts which result in a fall assessment	New for 15/16	20%	19%	24.3%	23.57%			15/16: New Measure (23.57%). 310 out of 1315 callouts resulted in an assessment.

SMP.AH.AS C.4.3b	04. SMP - Reduce incidents of falls	Decrease the percentage of falls which result in a hospital admission for clients aged 65+	New for 15/16	8.4%	6.4%	4.9%	4.79%			15/16: New Measure (4.79%). There were 63 admissions to hospital following a fall during 2015-16. This is the first time this indicator has been recorded and as such the figures from 2015/16 will provide a baseline for future reporting.		
SMP.AH.AS C.5.1a	05. SMP - Develop more local health services	Number of additional services available in Midlothian Community Hospital	New for 15/16	25	30	41	41			15/16: New Measure (41). The number of services remains at 41 as Audiology Clinics have not yet started. These will now start in 2016/17.		
SMP.AH.AS C.6.1a	06. SMP - Increase intermediate care provision	Increase the percentage of Intermediate Care at Home clients who returned home with no package of care	New for 15/16	0%	2%	3.6%	4%			15/16: Off Target (4%). Whilst this is not yet at 15%, this does represent an increase in the proportion of clients returning home with no package of care.	15%	Baseline 8.7% 2014/15
SMP.AH.AS C.6.1b		Decrease the percentage of Intermediate Care at Home Clients who were admitted to a care home	New for 15/16	11.5%	22%	17%	15%			15/16: Off Target (15%). Although this figure is off target, it demonstrates a continuing downward trend over the course of 2015/16.	12%	Baseline of 15.2% identified at end of 14/15.
SMP.AH.AS C.6.1c		Decrease the percentage of Intermediate Care at Home Clients who returned to hospital	New for 15/16	6.5%	12%	13.4%	11.9%			15/16: Target Exceeded (11.9%).	30%	Baseline of 39% identified at end of 14/15.
