Issues

Use of Acute Hospital beds

Work has been completed on the single point of access and reviews of intermediate care and care at home. Additional recruitment has been completed to support the care gap currently being experienced across the partnership.

The Winter Plan is in place and has been presented at IJB Board. Substantial investment has been made in winter specific test of change projects to assist with the reduction of presentation and admission to acute. Winter management has continued throughout this quarter with no risks to escalate. A debrief session will be held in April 2022.

Care homes

All Midlothian care homes have been migrated on to the new regional NSS testing portal in line with guidance from Scottish Government. This continues weekly PCR tests along side twice weekly lateral flow testing. Care Homes continue to be monitored through Mid HSCP and NHSL Care Home Assurance Groups. Clinical and care support continues to be provided by Care Home Support Team to all Midlothian Care Homes.

COVID-19

Business continuity plans are in place to mitigate risks for local lockdowns/outbreaks. Resilience and Business Continuity plans are in place for both business as usual management and winter specific planning. Plans are in place for a move to hybrid working across the partnership with an aim to move to new model by summer 2022.

It has now been confirmed that all Covid costs will be covered by the Scottish Government in 21/22. Further indications are that Covid costs will also be covered in 22/23. This will be incorporated into the 22/23 financial plan. The IJB will agree its 22/23 budget at its March 2022 meeting.

Midlothian HSCP is preparing a vaccination plan for 22/23.

Risk

Balancing the budget in future years

The 22/23 settlement is now agreed and it is proposed that the IJB will set a balanced budget at its March 2022 meeting. Work is on-going to continue the development of the multi-year financial plan. This was being discussed at the SPG and the IJB workshop in January 2022.

Emerging Risk

Scottish Government consultation was published on 9th August 2021 on proposals to improve the way social care is delivered, entitled: National Care Service for Scotland: Consultation. Potential risks are yet to be assessed.
