

Midlothian Council Conservative Group

Midlothian Council recognises that Leadburn Junction is one of the most dangerous junctions in Midlothian, and has seen some significant accidents. While improvements have been made, council recognises that a roundabout would be the preferred solution to this accident blackspot. Scottish Borders Council has passed a motion on the 28th of January urging them to engage with Midlothian Council and offer officer support in improving Leadburn Junction. Council therefore agree to engage with Scottish Borders and to bring forward a paper with revised costings for securing a roundabout to council before summer recess. Council also agrees that officers will engage with Scottish Borders and any other relevant partners to secure additional support for a roundabout.

Council resolves to:

1. To engage with officers at Scottish Borders Council to seek support for a roundabout a Leadburn Junction
2. Instructs the Director, Resources to bring forward a paper to Council before summer recess 2019 with updates costings for a roundabout at Leadburn Junction
3. Further instructs the Director, Resources to seek any other avenues of support or funding to assist with a roundabout.
