

Internal Audit Strategy and Annual Plan 2018/19

Report by Chief Internal Auditor

1. Purpose of the Report

The purpose of this report is to gain approval to the proposed Internal Audit Strategy and Annual Plan 2018/19 to enable the Chief Internal Auditor to prepare annual opinions on the adequacy of the overall control environment for Midlothian Council, and Midlothian Health and Social Care Integration Joint Board.

2. Background

The Local Authority Accounts (Scotland) Regulations 2014 that came into force on 10 October 2014 require a local authority to operate a professional and objective internal auditing service. This service must be provided in accordance with recognised standards and practices in relation to internal auditing. Recognised standards and practices are those set out in the *Public Sector Internal Audit Standards: Applying the IIA International Standards to the UK Public Sector* (PSIAS). The standards require internal audit to have suitable operational independence from the organisation.

3. Internal Audit Strategy

The key standards within the PSIAS which relate to Managing the Internal Audit Activity are summarised below:

“The chief audit executive must effectively manage the internal audit activity to ensure it adds value to the organisation.

The internal audit activity is effectively managed when:

- The results of the internal audit activity’s work achieve the purpose and responsibility included in the internal audit charter;
- The internal audit activity conforms with the Definition of Internal Auditing and the Standards; and
- The individuals who are part of the internal audit activity demonstrate conformance with the Code of Ethics and the Standards.

The internal audit activity adds value to the organisation (and its stakeholders) when it provides objective and relevant assurance, and contributes to the effectiveness and efficiency of governance, risk management and control processes.”

The Internal Audit Strategy at Appendix 1 outlines the strategic direction for Internal Audit to provide independent and objective assurance on the systems of internal control, risk management, and governance to the relevant organisation’s senior management and board/audit committee.

4. Internal Audit Annual Plan 2018/19

The Midlothian Council Internal Audit function follows the professional standards as set out in Public Sector Internal Audit Standards (PSIAS) effective 1 April 2013 (updated 2017). The key standards within the PSIAS which relate to the preparation of the internal audit plan are summarised below:

- Standard 2010 – Planning which states that “the chief audit executive must establish risk-based plans to determine the priorities of the internal audit activity, consistent with the organisation’s goals”
- Standard 2020 – Communication and Approval which states that “the chief audit executive must communicate the internal audit activity’s plans and resource requirements, including significant interim changes, to senior management and the board for review and approval. The chief audit executive must also communicate the impact of resource limitations.”

The CIPFA Publication ‘Audit Committees: Practical Guidance for Local Authorities and Police – 2013 Edition’ states that “The audit committee should seek to make best use of the internal audit resource within the assurance framework. In particular, the audit committee should seek confirmation from internal audit that the audit plan takes into account the requirement to provide an annual internal audit opinion that can be used to inform the Annual Governance Statement. Specific activities will include:

- Approving (but not directing) the risk-based plan, considering the use made of other sources of assurance.”

The CIPFA Publication also states that “The committee will wish to seek assurance from the HIA that appropriate risk assessment has been carried out as part of the preparation of the internal audit plans when they are presented.”

The Internal Audit Annual Plan 2018/19 developed by the Shared Chief Internal Auditor is presented at Appendix 2. The proposed reviews have been grouped into key themes as set out in the Internal Audit Strategy at Appendix 1. There is a brief commentary for each activity.

In recognition that the Shared Chief Internal Auditor role has only been in place since 1 December 2017, this plan predates the Internal Audit Annual Assurance Report which will be based on completed audit work during 2017/18, and it is envisaged that 2018/19 will continue to be year of change for the Council, the Internal Audit Annual Plan 2018/19 should be considered to be flexible and will be periodically reviewed, and amended as required, to reflect any new arrangement or changing risks and priorities. Any amendments relating to the Council will be brought to the Audit Committee for approval.

4. Report Implications

4.1 Resource

The Internal Audit function reports directly to the Chief Executive (operationally) and the Audit Committee (functionally). There is currently a staff resource of 5.72 FTE, comprising Chief Internal Auditor (0.5 FTE – shared with Scottish Borders Council; 0.5 FTE Other Audit Resources), Principal Internal Auditor (0.72 FTE), Internal Auditor (2.0 FTE), all of whom are CCAB/CIIA professionally qualified experienced auditors, plus Fraud and Audit Officer (2.0 FTE) all of whom are qualified experienced fraud investigators. After deduction for personal and public holidays, unplanned absence, learning and development, management and administration this equates to a total of 1,007 days available for Internal Audit and Corporate Fraud activity.

There is a commitment to provide resource to the Midlothian Health and Social Care Integration Joint Board (MIJB) and a number of audits are required to be undertaken annually to comply with service level agreements. A separate plan with proposed audits and time allocated will be presented to MIJB Audit and Risk Committee for approval.

4.2 Risk

Key components of the audit planning process include a clear understanding of the Council's functions, associated risks, and potential range and breadth of audit areas for inclusion within the plan. As in previous years, to capture potential areas of risk and uncertainty more fully, key stakeholders have been consulted.

The PSIAS require Internal Audit to evaluate the effectiveness of the Council's Risk Management arrangements and contribute to improvements in the process. Each Internal Audit assignment will be risk-based and, where appropriate, will test the specific Service's management of risk.

4.3 Single Midlothian Plan

Themes addressed in this report:

- Community safety
- Adult health, care and housing
- Getting it right for every Midlothian child

4.5 Impact on Performance and Outcomes

4.6 Adopting a Preventative Approach

Specific audits within the 2018/19 plan will include assessments on when a preventative approach can be adopted.

4.7 Involving Communities and Other Stakeholders

The Internal Audit Annual Plan 2018/19 has been discussed with Directors and Heads of Service at Directorate Management Team meetings, and with the Corporate Management Team. The plan has also been passed to Midlothian Council's External Auditors, EY, for comment, prior to submission to the Audit Committee for their approval.
