

Financial Monitoring 2017/18 – General Fund Revenue**Report by Gary Fairley, Head of Finance and Integrated Service Support****1 Purpose of Report**

The purpose of this report is to provide Council with information on performance against revenue budget in 2017/18 and details of the material variances.

2 Background**2.1 Budget Performance**

The projected budget performance figures shown in appendix 1 result in a net overspend of £2.153 million for the year which is 1.04% of the revised budget.

The main areas of variance are outlined below:

Pressures

- A provision for an additional contribution to the Midlothian Integration Joint Board reflecting demand led pressures in delegated Adult Social Care services, particularly the Community Care Resource Panel and in Home Care packages. They are currently projected to overspend by £1.183 million but this can be volatile given the fluidity of demand and potential high value of individual packages of care;
- Additional running costs for Care Homes for Older people of £0.266 million;
- Achievement of Council Transformation Targets for Integrated Service Support, Procurement savings, Customer Services and for tactical reductions in contracted hours has slipped and is projected to overspend by £0.859 million;
- In setting the 2017/18 budget Council agreed a package of operational and service cost reductions and income generation measures. There is currently projected to be £0.383 million of slippage to future financial years in delivering these. This may change over the course of the year;
- Demand led pressures in Children's Services of £0.237 million, particularly in non-residential commissioned services. The Children's Services budget has been reducing steadily in recent years due to transformational activity;
- Slippage in the opening of Pentland House which has put additional pressure on Bed and Breakfast budgets for Homeless clients. An overspend of £0.208 million is currently projected.

Favourable Movements

- Costs associated with PPP contracts are £0.302 million less than budgeted due to one-off rebates and lower than expected inflation;
- A continued growth of properties in Midlothian will generate an improvement on budget of £0.250 million for Council Tax Income;
- Slippage in external borrowing requirement and lower than expected borrowing rates gives rise to an underspend of £0.146 million.

Detailed information on material variances is contained in appendix 2 which identifies each variance, explains why it happened, outlines what action is being taken to control variances and details the impact of that action.

2.2 Delegation of resources to Midlothian Integration Joint Board

The approved budget provided for the allocation of £37.510 million to the Midlothian Integration Joint Board (MIJB) for the provision of delegated services. As reported to Council on 23 May 2017 this is supplemented by a one off allocation of £1.180 million as part of the year end flexibility arrangements. In addition there have been minor virements which reduce the budget by £0.086 million and which results in a projected revised allocation to the Board of £38.604 million.

The projected outturn indicates expenditure of £39.864 million which represents an overspend in respect of services delegated by the Council of £1.260 million. Whilst the Integration Scheme sets out the mechanism for addressing an overspend position by the MIJB it is considered prudent, given that the MIJB has no reserves, to reflect in the monitoring the impact an additional contribution from the Council to meet the projected overspend.

2.3 Council Transformation Programme

Council approved utilisation of £7.718 million of General Fund Reserve to fund costs associated with the ongoing transformation programme.

At the report date £3.411 million of this has been applied with future commitments of £0.489 million identified for 2018/19. This leaves £3.818 million as uncommitted.

2.4 General Fund Reserve

The projected balance on the General Fund as at 31 March 2018 is as follows:

	£ million	£ million
Reserve as at 1 April 2017		17.651
Less earmarked reserves utilised in 2017/18		(5.084)
General Reserve at 1 April 2017		12.567
<i>Planned movements in reserves</i>		
Planned Utilisation	(3.970)	
Supplementary Estimate	(0.058)	
Council Transformation Programme Costs	(0.300)	
One-off costs of VSER	(0.089)	
Other	0.073	
		(4.344)
Overspend per appendix 1		(2.153)
General Fund Balance at 31 March 2018		6.070

An element of the General Fund is earmarked for specific purposes and this is shown below:

	£ million
General Fund Balance at 31 March 2018	6.070
<i>Earmarked for specific purposes</i>	
Budgets earmarked for Council Transformation	(3.818)
General Reserve at 31 March 2018	2.252

The uncommitted General Fund Reserve at 31 March 2018 is £2.252 million. The impact of projected financial performance for 2017/18 will be considered in the context of the future financial challenge the Council faces in the next Financial Strategy report which will be presented to Council in September.

A prudent level of uncommitted reserves is seen to be between 2% and 4% of net expenditure which equates to between approximately £4 million and £8 million. The General Reserve projected is below this level and there may be additional one-off costs associated with service transformation and workforce reduction which could further reduce the available reserve. There is also a risk that the reserve is required as a buffer to offset further slippage in the achievement of planned savings.

3 Report Implications

3.1 Resource

The projected performance against budget set out in this report presents the initial projections for the year. Work continues within the Directorates to reduce projected overspends and to progress the delivery of approved savings.

Whilst this report deals with financial issues there are no financial implications arising directly from it.

3.2 Risk

Section 95 of the Local Government (Scotland) Act 1973 requires all Local Authorities in Scotland to have adequate systems and controls in place to ensure the proper administration of their financial affairs.

The assessment of performance against budgets by services is underpinned by comprehensive financial management and budgetary control arrangements. These arrangements are central to the mitigation of financial risk.

Ensuring that adequate systems and controls are in place minimises the risk of significant variances arising, and where they do arise they help to ensure that they are identified and reported on and that appropriate remedial action is taken where possible. The primary purpose of this report is to provide an assessment of performance for the full year based on activity in the first quarter of the year. The material variances detailed in appendix 2 highlight that the financial management and budgetary control arrangements require continual review and enhancement if financial risk is to be effectively mitigated during the year.

3.3 Single Midlothian Plan and Business Transformation

Themes addressed in this report:

- ☐ Community safety
- ☐ Adult health, care and housing
- ☐ Getting it right for every Midlothian child
- ☐ Improving opportunities in Midlothian
- ☒ Sustainable growth
- ☒ Business transformation and Best Value
- ☐ None of the above

3.4 Impact on Performance and Outcomes

The decisions taken to balance the budget will have fundamental implications for service performance and outcomes. The Council's Transformation Programme aims to minimise the impact on priority services.

3.5 Adopting a Preventative Approach

The proposals in this report do not directly impact on the adoption of a preventative approach.

3.6 Involving Communities and Other Stakeholders

No consultation was required.

3.7 Ensuring Equalities

There are no equality implications arising directly from this report.

3.8 Supporting Sustainable Development

There are no sustainability issues arising from this report.

3.9 IT Issues

There are no IT implications arising from this report.

4 Recommendations

It is recommended that Council:

- a)** Note the contents of the report;
- b)** Note that along with the Chief Executive assurance is being sought from Heads of Service that remedial action is being taken to address the projected overspend set out in appendix 2;
- c)** Consider the financial position in the context of the next Financial Strategy report scheduled to be presented to Council on 26th September 2017.

16th August 2017
