### 3 Background/Main Body of Report

3.1 A total of 12 CI Inspections and 4 HMIE inspections took place in the time period from August 2022 to 1 April 2023. The reports were published in that time period and are hyperlinked in information at the end of this report for all Elected Members and Church Representatives on the Cabinet for their information. Reports are published on the Care Inspectorate website <http://www.careinspectorate.com/>.

3.2 The Care Inspectorate use “A quality framework for daycare of children, childminding and school aged childcare” February 2022 to inspect settings. The key quality indicators focus on:

- How good is our care, play and learning?
- How good is our setting?
- How good is our leadership?
- How good is our staff team?

#### 3.3 Inspection Evaluations

A setting will be inspected on all indicators. A six-point scale is used to describe the quality of the setting:

6	Excellent	Outstanding or sector leading
5	Very Good	Major strengths
4	Good	Important strengths, with some areas for improvement
3	Adequate	Strengths just outweigh weaknesses
2	Weak	Important weaknesses – priority action required
1	Unsatisfactory	Major weaknesses – urgent remedial action required

#### 3.4 National Standard

In order to meet the National Standard settings must be evaluated as Good or above by the Care Inspectorate. Where a setting does not receive evaluations of good or above, the local authority places that setting in a service improvement period. The service improvement period allows the central education team officers to closely monitor progress over the period of time until the next CI inspection. Being in the service improvement period also affects the payment process for the setting.

3.5 Summary of inspection grades (**See Appendix B** for the inspection grades for individual settings).

Quality Indicator	Total no. of settings inspected	Excellent	Very good	Good	Adequate	Weak	Unsatisfactory
How good is our play and learning?	12	0	2	8	2	0	0
How good is our setting?	12	0	3	5	4	0	0

How good is our leadership?	12	0	2	8	2	0	0
How good is our staff team?	12	0	3	7	2	0	0

3.6 The following common key strengths were indicated by the inspection teams:

***How good is our play and learning?***

Children experience care and support that was warm, sensitive and nurturing and were meaningfully and actively involved in leading their play and learning. Warm and caring interactions help children to feel nurtured and valued. Children are confident, nurtured and have fun in nursery.

Children's personal plans are updated regularly with parents to ensure children's changing needs and interests are supported by staff. Planning approaches are responsive to children's interests and staff know children well and how to meet their individual needs.

***How good is our setting?***

The nursery environments are welcoming, with access to outdoor areas that children enjoy accessing. Children benefit from indoor and outdoor spaces which are stimulating and developmentally appropriate. The accommodation and provision of activities and resources provide children with a comfortable and welcoming environment for their care and learning.

***How good is our leadership?***

The services are well led and quality assurance, including self-evaluation and improvement plans, were in place to support continuous improvement of the service. Staff and management show a commitment to making continuous improvements to ensure high quality care, learning and development. Quality assurance, including self-evaluation and improvement plans are in place and are mostly leading to continuous improvement. A range of processes are in place for the manager to check-in on the provision and ensure quality for children. The management teams are committed to continuous and sustained improvement.

***How good is our staff team?***

The consistent staff team provide continuity of care. Staff are deployed in a manner which meant children's needs are met throughout the day. The staff team work well together and there is a positive ethos within the setting. Staff are committed to their roles and proactive in their professional development to support positive outcomes for children. Staff are empowered to lead improvement projects within the setting.

They are reflective and had take part in a range of training, which had helped them to develop their skills in their childcare roles.

3.7 The Care Inspectorate has a duty to support improvement and this informs how and when they make requirements and recommendations to a setting following an inspection.

- A requirement is a statement which sets out what a care service must do to improve outcomes for people who use services and must be linked to a breach in the Public Service Reform (Scotland) Act 2010, its regulations, or orders made under the Act, or a condition of registration.
- A recommendation is a statement that sets out actions that a care service provider should take to improve or develop the quality of the service, but where failure to do so would not directly result in enforcement.

## **4 Report Implications (Resource, Digital and Risk)**

### **4.1 Resource**

Resource implications related to this report are to note the impact on the central education team staffing to support settings through a service improvement period.

### **4.2 Digital**

There are no digital implications.

### **4.3 Risk**

The Care Inspectorate visit a sample of Early Learning and Childcare settings each year to find out how they are performing. A report is published which informs parents about the key strengths of the setting, its capacity for further improvement and sets out the main points for action.

Following the publication of that report further visits may be made to the setting by Midlothian Council's central education officers to assist improvement and monitor progress.

Monitoring, review and evaluation of progress by Midlothian Council's central education officers is the control measure in place to reduce the risk of failure of the setting to demonstrate its capacity to improve. For funded providers a time framed improvement action plan is established in line with the partnership contracts. If a setting does not show improvement after an extended service improvement period the council would consider whether they are able to continue in partnership with the setting. Termination of a contract would affect the number of places Midlothian Council are able to offer.

The National Standard Interim Guidance is currently under review and will be updated by the Scottish Government later in 2023.

### **4.4 Ensuring Equalities (if required a separate IIA must be completed)**

The Improvement Plans will be screened for equalities implications.

### **4.5 Additional Report Implications (See Appendix A)**

See Appendix A

## **Appendices**

**Appendix A – Additional Report Implications**

**Appendix B – Individual Settings Inspection Grades**

## **APPENDIX A – Report Implications**

### **A.1 Key Priorities within the Single Midlothian Plan**

- None of the above

### **A.3 Key Delivery Streams**

Key delivery streams addressed in this report:

- One Council Working with you, for you
- Preventative and Sustainable
- Efficient and Modern
- Innovative and Ambitious
- None of the above

### **A.4 Delivering Best Value**

Noted within.

### **A.5 Involving Communities and Other Stakeholders**

Copies of the reports have been made available to Elected Members, parents and carers of children currently in the settings and other interested parties.

### **A.6 Impact on Performance and Outcomes**

The provision of high quality, early learning and childcare supports the delivery of two of the GIRFEMC outcomes for 2022 to 2023:

- Children and young people are supported to be healthy, happy and reach their potential.
- Inequalities in learning outcomes have reduced.

The settings will continue to improve their work in line with their improvement plans and Midlothian Council's central education officers will continue to challenge and support the settings in relation to developing and implementing a range of quality improvement strategies.

#### **A.7 Adopting a Preventative Approach**

The Education (Scotland) Act aims to take preventative action in order to close the attainment versus deprivation gap by implementing key policies and programmes which are designed to target support to children and young people from disadvantaged communities. Midlothian is highly committed to closing the attainment gap which compliments the strategies employed by Midlothian which are highlighted in the National Improvement Framework report which was presented to Council on 3 November 2015.

#### **A.8 Supporting Sustainable Development**

The Improvement Plans allow for sustainable development and improvement.
