3 Background/Main Body of Report

- 3.1** Where a public organisation is required to prepare a procurement strategy or review an existing one, for example, and if it has an estimated value of regulated procurement spend of £5 million or more (excluding VAT) in a financial year, it must also publish an annual procurement report. The Procurement Reform (Scotland) Act 2014 sets out what, as a minimum, each annual procurement report must contain. The annual procurement report should be relevant and proportionate, providing transparency of its purchasing activities. The annual report monitors the authority's regulated procurement activities against delivery of its procurement strategy. This Annual Procurement Report for the 2021-2022 financial year is attached as an Appendix to this report.
- 3.2** The Procurement Reform (Scotland) Act 2014 lists the minimum requirements that the Annual Procurement Report must contain which are as follows:
- a) a summary of the regulated procurements that have been completed during the period of the report;
 - b) a review of whether those procurements complied with the Council's procurement strategy;
 - c) to the extent that any regulated procurements did not comply, a statement of how the authority intends to ensure that future procurements do comply;
 - d) a summary of any community benefits requirements imposed as part of a regulated procurement that were fulfilled during the year covered by the report;
 - e) a summary of any steps taken to facilitate the involvement of supported businesses during the year covered by the report;
 - f) a summary of regulated procurements the authority expects to award in the next two financial years;
 - g) such other information as the Scottish Ministers may specify.

The attached Midlothian Council Annual Procurement Report 2021/22 complies with the above statutory requirements.
