## **East Lothian and Midlothian Public Protection Committee Annual Report 2016/17**

**Item number: 5.9**

### **Executive summary**

---

This is the third annual report of the East Lothian and Midlothian Public Protection Committee (EMPPC) and it provides an opportunity to reflect and take stock of our activities and our achievements within this complex area of service.

People do not neatly fit into one category and issues like domestic abuse and substance misuse are common themes with many of the service users with whom we work. Bringing together the individual partnerships into one Public Protection Committee across two local authorities has streamlined processes considerably and now demonstrates a significant level of trust and integrity for example, senior officers chairing case reviews for the other local authority.

#### **Board members are asked to:**

- 1 Note the report and the progress made by the East and Midlothian Public Protection Committee during 2016/7.

## East Lothian and Midlothian Public Protection Committee Annual Report 2016/17

### 1 Purpose

---

- 1.1 This report is to introduce the East Lothian and Midlothian Public Protection Committee annual report 2016/17 thereby informing Midlothian Integrated Joint Board of its progress in that time.

### 2 Recommendations

---

- 2.1 Board Members are asked to note the report and the progress made by East Lothian and Midlothian Public Protection Committee during the reporting year 2016/17

### 3 Background and main report

---

- 3.1 The East Lothian and Midlothian Public Protection Committee (EMPPC) is the key strategic group dealing with public protection matters across East Lothian and Midlothian and includes representatives from key partners (e.g. Social Work, Police Scotland, NHS Lothian, Education, Housing, 3rd Sector etc). The committee reports to senior officers through the East Lothian and Midlothian Critical Services Oversight Group. It remains committed to an outcome focused approach to supporting and protecting adults and children who may be at risk of harm, based on an understanding of need gained from evaluation activity.
- 3.2 There are four sub-groups which support EMPPC with this approach.
- East Lothian and Midlothian Performance and Quality Improvement sub group which scrutinises performance on behalf of EMPPC;
  - East Lothian and Midlothian Learning and Practice Development sub-group, oversees the development and delivery of the EMPPC Learning and Development Strategy;
  - East Lothian and Midlothian Violence Against Women and Girls Delivery Group which supports EMPPC in delivering the services and preventative activities to address Violence Against women and Girls across East Lothian and Midlothian;
  - East Lothian and Midlothian Offender Management Group is the multi-agency group established to support EMPPC in ensuring that the statutory responsibilities placed on local partner agencies for the assessment and management of risk posed by dangerous offenders are discharged effectively
- 3.3 The East Lothian and Midlothian Public Protection Team support the work of the EMPPC and is based in the East Lothian and Midlothian Public Protection Office

(EMPPO) in the Brunton Hall, Musselburgh. It includes officers from adult support and protection, child protection and the domestic abuse service and is co-located with some staff from the local Police Scotland Public Protection Unit and Midlothian and East Lothian Drug and Alcohol Partnership. The primary aim of the team is to work in a more integrated way to strengthen practice across the whole public protection arena.

- 3.4 The EMPPO developed a Performance Framework which was reviewed in January 2016, and an amended version implemented for 2016/17. During this time, Lead Officers worked closely with operational teams to ensure the performance framework and improvement plans are embedded within practice.

## **4 Policy Implications**

---

- 4.1 It is increasingly clear that the reality for most of our service users is that their needs usually span more than one category of Public Protection i.e. many children on the child protection register have substance misusing parents or domestic abuse as a “cause for concern”. This evidence-led model links to the prevention aspect of single outcome agreements.
- 4.2 The report also supports policy and legislative requirements for Child Protection; Adult Support and Protection and Equally Safe, Scotland’s strategy for Preventing and Eradicating Violence Against Women and Girls

## **5 Equalities Implications**

---

- 5.1 An Equalities Impact Assessment is not currently required as no policy or people changes have been identified. This will be undertaken in line with streamlining operational practice.

## **6 Resource Implications**

---

- 6.1 The key driver for the service continues to be ensuring sustainable services and streamlining future provision by sharing staff capacity and knowledge wherever possible. All posts in the team are joint posts across both council areas.
- 6.2 Multi-agency staff are based in a co-located hub and opportunities are sought to streamline services with less meetings and consequently less travel between bases.

## **7 Risk**

---

- 7.1 The key driver for the service continues to be ensuring sustainable services and streamlining future provision by sharing staff capacity and knowledge wherever possible. All posts in the team are joint posts across both council areas.

## 8 Involving people

---

- 8.1 East Lothian and Midlothian Public Protection Committee remains committed to involving communities and other stakeholders wherever possible, although this can prove a challenge in this area of work.
