

Motion to Midlothian Council

Midlothian Council congratulates Glasgow, the Scottish Government and Shona Robison the Sports Minister on what has been described “the best Commonwealth Games ever”.

We send our thanks to everyone involved in this unforgettable event, especially to the many volunteers and the competitors from all the nations who took part in these friendly games.

This showcased Scotland around the globe and proved that small nations can compete with and do as well, if not better with limited resources, than larger nations on the world stage.
