

Civic Government (Scotland) Act 1982 Licensing of Second Hand Dealers in Clothes and Textiles

Report by Director, Corporate Resources

1 Purpose of Report

To seek the advice of the Committee about the conditions of licensing attaching to Second Hand Dealers in Clothes and Textiles.

2 Background

Of late, there have been a few applications for Second Hand Dealers licences in Clothes and Textiles. The form that the activity takes involves the purchase of bagged second hand clothes and payment of the fee based on the weight of the consignment, normally 50p per kilo; and its resale to an agency abroad in a location where the clothes will be recycled.

Current conditions of licensing (attached as **Appendix 1**) provide that the licence holder shall record information in a register which will be kept for the purpose, ie the following information:-

Date and time of purchase Description Seller's name and address Date and time of sale Description at time of sale (if different) Purchaser's name and address

This creates a difficulty in that in ordinary circumstances the sheer volume of individual items renders the task of keeping a register almost onerous, time consuming and highly resource intensive which may cast doubt on the reasonableness of the Council's requirement that the Register be kept.

In the circumstances it is considered that a revision of the register is appropriate for this type of activity and it is suggested that consideration be given to altering the format of the register to include the following information:-

Date and time of purchase Description of Goods eg Clothes, etc Unique transaction Number Price Paid Seller's name and address Date and time of sale Description at time of sale (if different) Purchaser's name and address or Method of Disposal Sale Price

3 Consultations

Discussions have taken place with the licence holders and they are in agreement with the proposal.

4 Conclusion

It is suggested that an alteration is reasonable in the circumstances ie subject to a review of the activity in the future in relation to the experience gained when it has been in operation for a period of say one year.

5 Recommendation

The Committee is asked to consider the report.
