Commercial Operations Performance Report for Quarter 3 - 2015/16

01. Progress in delivery of strategic outcomes

1: Health and Safety

The pace of development of H&S arrangements has been sustained in-line with the planned program during Q3. This has seen the development of 7 new management arrangements covering:

- Construction Design & Management
- Incident Reporting & Investigation
- First Aid
- Provision & Use of Work Equipment/Lifting Equipment
- Lone Working
- Work Related Violence & Unacceptable Behaviour
- Stress Management.

The first ever joint health and safety training calendar for Midlothian & East Lothian has been finalised and will take effect from January 2016 onwards. This should result in greater efficiency of training delivery across the two Councils.

Waste Services have been supported to complete and achieve approval with the Trade Unions for the Waste Collection Employee Handbook.

The Severe Weather Plan has been revised with enhancements made to the arrangements during this quarter.

Work on advancing the Fire Safety Arrangements has continued during Q3 with 118 out of a total of 142 properties Fire Risk Assessed. The remaining 24 properties are mainly pavilions and low risk premises which will be assessed during Q4.

2: Road Services

Completed new street lighting programme as part of the £1,000,000.00 replacement programme including external funding for lower energy lanterns.

Finalist in the APSE (Association for Public Service Excellence) Best Performer for Roads, Highways and Winter maintenance.

3: Travel and Fleet

Provided training to front line staff working in Mayfield Hub and Buccleuch House to take and check Blue Badge Applications.

Recruited and employed an apprentice Motor Mechanic.

4: Waste Services

Following the successful bid to zero waste Scotland for funding in support of the new food waste service the roll out was completed and the service commenced on 07 December 2015. The expectation is that with the delivery of this service Midlothian Council will achieve a recycling rate of over 50%.

Festive collection arrangements were completed with resources in place for all collections, including the new food waste service.

5: Land Services

Accommodated a higher than planned number of work placements and work experience placements for youngsters supporting the Council Policy to ensure Positive Destinations for young people leaving school.

Reduced the tractor fleet by one unit thereby responding to staff suggestions in relation to improved working practises. Completion of trim trail (assault course) at Cornbank Primary School with positive feedback and publicity. Phase two of the project has reached the planning stage.

First phase of school grounds developments at Mayfield combined school (Mayfield Primary & St. Lukes Primary) complete with tenders to be issued for phase 2.

Design and installation of a trim trail at Sacred Heart PS now complete.

Design complete and installation of trim trail at St David's being progressed.

New footpath and access gate completed at Cuiken P.S.

Green Flag awarded to four sites at Vogrie, Kings Park Dalkeith, Springfield Mill and Roslin Glen Country Park.

Secured and undertaking final works for two private soft landscape projects valued at £50,000.00 for Harts the Builder

02. Emerging Challenges

1: Health and Safety

The challenge going forward into Q4 is maintaining the level of pace to deliver the transformational change needed in the Council's Health & Safety Arrangements.

The implementation of these arrangements going into 16/17 could prove challenging against a continued backdrop of potential resource reduction across the organisation/services.

Engage with staff and third party organisations to make best use of existing resources and identify through training opportunities additional funding.

2: Road Services

Undertake a mini review of service within the delivering excellence framework in order to provide a service fit for purpose within current resources. This will also consider succession planning.

Engage with staff and unions to agree any changes required within the service.

Police Scotland has agreed to retain the Traffic Warden Service for one year only. For 2016/17 council will have to fully fund this post. Undertake DPE study as agreed by council.

Investigate alternatives and viability of introducing a decriminalised parking scheme approved by Council.

3: Fleet and Travel Services

Set up access to membership of City Car Club for Midlothian Council employees and develop proposals for vehicles at new railway stations. Continue discussions with City Car Club and Scotrail.

Progress a new Hop on Hop off bus associated with the new Borders rail line. Issue tenders for the new service and progress discussions with potential funders.

4: Waste Services

Processing of the blue bin (recycling) material as market conditions have worsened with the prices for the processing of commingled dry recycle increasing substantially. Processing costs has been identified by Viridor estimated at approximately £100 per tonne which would result in the Council having to pay an additional £50,000 per month to process this material.

Arrange meetings with Viridor our contractor to review and explore options. Set up meetings with Zero Waste Scotland and Scottish Government to discuss these issues as these are now Scotland concerns. Draft report to update Council.

Deliver waste solution and meet the Scottish Governments recycling targets.

Aluna Renewable Energy (ARE) has constructed a food waste treatment facility at Millerhill. Commission delayed until February 2016 due to a Health & Safety issue identified within the plant. Maintain temporary arrangements until new plant accepts food waste.

FCC Medio Ambiente S.A. (FCC) has been appointment as the Preferred Bidder for the Zero Waste: Edinburgh and Midlothian Residual Waste Treatment facility. Council granted planning permission on 15 September for the construction of a new waste recycling and combined heat and power plant to FCC Environment (UK) Ltd on the former railway marshalling yards at Millerhill. SEPA have confirmed license arrangements. Formal signing of the contract anticipated in early Spring 2016.

5: Land Services

Improve quality of Parks within Midlothian and promote Midlothian and its path network:

Complete the roll out of a 'Parks Quality Assessment Scheme' involving all of the management team and horticulturally trained staff in the section which began in November 2015. Assessment of 41 parks with community

involvement. Instructions to be issued for additional works at Green Flag sites.

Work in partnership with volunteers to create seven walking/Cycling leaflets for Midlothian. Core path network now 100% signed. Leaflets being prepared as part of smarter choices Border rail initiative. Seventeen leaflets have been completed and seven further leaflets are being developed. To be completed for Q4

Land slip at Ironmill steps

Temporarily opened Iron Mills Steps however the slope is still being monitored due to ongoing movement. Some tree works and willow planting undertaken. Wild flower area sown at top of the slope with local children. An area has also been planted up with shrubs by volunteers. Close monitoring continuing. Post Q3 note steps have been closed off to the public following further movement.

Develop the Hard and Soft Landscape squad to secure additional income and retain skilled staff and endeavour to up skills and address low pay issues.

Monitor outputs. Secure additional external work. Re-evaluate posts as necessary and train additional staff.

Commercial Operations PI summary

01.1 Outcomes and Customer Feedback

Priority	Indicator	2014/15	Q3 2014/15	Q1 2015/16	Q2 2015/16	Q3 2015/16				Annual Target 2015/16	Feeder Data	Value

Finance and Integrated Service Support Performance Report for Quarter 3 - 15/16

01 Progress in delivery of strategic outcomes

The strategic focus of Finance and Integrated Service Support is on delivering transformational change in service provision as a means to secure financial sustainability and achievement of priority outcomes.

The key programmes which support this are:

- . The Review of Local Government Workers Pay and Grading
- . Delivering Excellence
- . The Council's Financial Strategy

These are supported by:

- . The Procurement Strategy
- . The Digital Strategy
- . The ongoing ISS review
- . The Council's People Strategy
- . The Council's Transformational Programme

The transformation and repositioning of services is critical to the Council maintaining a sustainable financial and service delivery strategy during a period of continued pressure on public sector finances.

Financial Stewardship and Sustainability - Achievements

- Completion of Q2 Financial Monitoring reports to Council as part of the robust scrutiny of service financial performance;
- Financial Strategy update report for 2016/17 to 2020/21 presented to Council in December 2015 which outlines future years budget projections, the impact of the change programmes and the financial implications of investment decisions / priorities;
- Review for Business Transformation Board of progress against financial savings targets for 2015/16 and future years.

Challenges and Actions

- Continue work on developing future years budget projections and in particular the 2016/17 budget including the impact of the 16.12.2015 grant settlement, change programmes and the financial implications of investment decisions / priorities for 2016/17 to 2020/21;
- Prepare Quarter 3 financial monitoring projections for 2015/16 and continue to work with managers to maintain effective control over expenditure;
- Continued financial support for the Council Transformation and change programmes. Help shape and lead all strands of the programme, continue to revise savings profiles, regularly update on application of the fund and develop the benefits tracking and realisation process;
- Strengthen financial stewardship in a climate of reducing budgets and increasing service provision;
- Reach financial close for the Newbattle Schools project in Q4 2016/17;
- Financial close for Newbattle High School replacement;
- Continued financial support for the Council Transformation programme. Help shape and lead all strands of the programme, continue to revise savings profiles and regularly update on application of the fund.

Transformation Change - Achievements

- External Engagement prepared for roll out across Midlothian communities;
- Delivering Excellence across a number of key areas including Housing, Adult Social Care;
- Implementation of the Business Services structure including the transfer of Records Management from Digital Services;
- In conjunction with Services, the migration of records storage and retrieval service to Iron Mountain;
- Installation, configuration and set up of the Committee Management System and CMT approval of the Democratic Services Strategy;
- Purchase to Pay: Pilot of eForms for one-off payments to suppliers;

- g) Business Applications: Upgrade of Frameworki to MOSAIC;
- h) The development of the Business Services Improvement Plan;
- i) Total Document Management: The provision of access to the document management system (CS10) for schools;
- j) The introduction of an integrated flexible working hours system (Etarmis) that will provide the platform to improve the business process, user interface and integrate the administrative support requirements;
- k) The upgrade to the finance system (Integra). This major upgrade to Integra applies to all modules. There have been significant resource requirements during the test phase of this upgrade that has resulted in actions and roll out of functionality from the Purchase to Pay project being rescheduled;
- l) The review and introduction of business processes and the provision of systems training to all relevant staff to meet the requirements of GIRFEC and Named Person legislation;
- m) The configuration and development of processes and workflows within MOSAIC to meet the requirements for the Interagency Information Exchange.

Challenges and Actions

- a) Progress Services through Delivering Excellence;
- b) Continue to drive through the current Business Transformation programme.

Digital Services - Achievements

- a) Council Computer Rooms \ Data Centre: successfully upgraded the Uninterrupted Power Supply (UPS) for both computer rooms in Midlothian and Fairfield House;
- b) EWIM: The EWIM Project and the movement of staff into the newly created accommodation (High street > Croft Street);
- c) EWIM: The EWIM Project and the movement of staff (approx 150 staff) now moved into their newly created accommodation (Dundas to Midlothian House) along with the supporting technologies and infrastructure changes;
- d) Information Management and implementation of IMG Action Plan 2016/17: Creation and implementation of updated information management strategy, action plan and the revised membership of group;
- e) Records Management - Public Records Scotland Act (PRSA): Midlothian Council's Records Centre at Bonnyrigg holding all the council paper records (boxes and files) has now been moved into a secure offsite storage facility in Livingston. This is in line with the agreed Record Management Plan (RMP) and PRSA best practice guidelines;
- f) Asset Management – Server Replacement: successfully replaced significant number of old servers across the school estate in line with asset management and technical service delivery plan.

Challenges and Actions

- a) PSN - Cabinet Office: Compliance – Plans in place to maintain PSN Compliance for 2016/17. Penetration Testing scheduled to commence January 2016. A number of business critical systems and infrastructure upgrades have taken place. PSN continues to be reviewed and monitored;
- b) Digital Strategy: Under review and first draft created in line with National Strategy dependency now on Learning Teaching consultation / strategy. Membership and remit of DSG under review and revised governance model to be proposed;
- c) Network Improvements: Scottish Wider Area Network (SWAN) or alternative solution. Review and perform options appraisal on preferred network solution as part of the technical service delivery improvement plan.

People Strategy - Achievements

- a) Workforce planning: positive destinations, employment;
- b) Policy reviews as part of the low pay agenda;
- c) Delivering Excellence engagement and communication;
- d) Additional positive destination appointments, development and resourcing of team dealing with leavers, job evaluation and payroll projects.

Challenges and Actions

- a) Review of Local Government Worker Pay and Grading structure;
- b) Supporting cultural shift as part of the rollout of Delivering Excellence to services.

Procurement - Achievements

- a) Continued roll out of Purchase to Pay project and purchasing cards;
- b) Purchase to Pay: Pilot of eForms for one-off payments to suppliers.

Challenges and Actions

- a) To deliver and demonstrate savings through procurement by continuing to review and monitor performance;
- b) Achieve Living Wage Accreditation by working with the Living Wage Foundation to promote and encourage the payment of living wage throughout the supply chain; Meet the requirement so the new EU Directives and the Procurement Reform (Scotland) act 2014 by working with Scottish Government on guidance to meet the new requirements.

02. Emerging Challenges

The emerging challenges for the service are twofold.

Firstly the emerging picture for national public finances following May 2016 elections and alongside this progress across all services the Delivering Excellence programme, maintaining a sustainable financial and service delivery strategy.

Secondly to deliver on the following critical change projects for the council.

- Review of Local Government pay and grading
- The ISS review, to delivery efficiencies, improve service performance and improve customer service

In addition there are a number of service specific challenges as follows:

- a) Financial close for Newbattle High School replacement
- b) Maintain financial discipline across all services
- c) Updating and implementing the Digital Strategy, Digital Asset Management Plan and associated Investment Plan.

Property & Facilities Management

Performance Report for Quarter 3 - 15/16

01. Progress in delivery of strategic outcomes

1. Asset Management Rationalisation: Design and functionality study are ongoing for the potential relocation of the depot which has capacity to include strategic partnerships with the blue light services. This work should be concluded during Q4. During Q3 the final moves into refurbished areas of Midlothian House were completed. Surplus buildings disposal have commenced where practical, and discussions with other services continue to allow best value to be achieved on the remaining sites. Dalkeith town centre feasibility is being finalised to allow the Council report presentation during Q4.

2. Phase 2 Housing: Following the completion of the initial three sites in Penicuik, four new sites are now under construction at Edgefield Road, Loanhead, Polton Street, Bonnyrigg, and two adjacent sites at Greenhall, Gorebridge. Disconnection of services at Newbyres are ongoing with the physical demolition to follow. This has been delayed due to the ongoing legal/insurance claims being progressed and an allowance made for third parties to inspect the property prior to demolition.

3. Sport and Leisure: The strategic plan covering all directorates and NHS continue with the final briefing paper presented to Sport Scotland for comment prior to negotiation recommencing in Q4.

02. Emerging Challenges

1. Facilities Services: New fast food outlets opening around High Schools are affecting meal numbers, a Sheriff's ruling in another authority may lead to challenges to restrictions by catering vans.

Education directorate have requested consideration be given to meal provision within the nursery sector. This will create pressures on the kitchens that are already at capacity with the P1-3 free meals provisions.

Absence and vacancy issues are still a challenge for managers on a daily basis to keep units and kitchens staffed to meet demands of our services.

APSE (Association of Public Sector Excellence) award winners for Best Performer in Building Cleaning for the 4th time in 5 years.

Catering services produced 6409 Primary School Christmas lunches and the P1-3 free school meals remain at an average uptake of 89%, one of the highest in Scotland.

2. Building Services: Midlothian Council have now 100% of housing stock meeting the SHQS (Scottish Housing Quality Standard). This has been achieved through various work programmes and exemptions.

Delivery of major works programmes with a small internal team against rising market costs and labour shortage. Current programme comprises; 4 Primary Schools, 1 Secondary School, Complex Care Home, Phase 2 Housing Sites, Woodburn Primary School extension plus a considerable number of feasibility studies.

£5,635,000 funding secured to deliver energy efficiency projects since 2011.

3. Property Assets: Following the Energy Seminar, work has commenced with APSE Energy to develop Solar Energy proposals with a draft report prepared and on schedule for reporting in spring 2016.

Improvement plan is being prepared with proposals for investment in the environment of aging industrial estates and immediate areas. Will require cross sectional/divisional working to achieve desired outcomes.

A comprehensive Asset Register identifying those buildings required for Council receipt and those available for community transfer is now complete. This will be made available in Q4.

4. Sport and Leisure: Tenders are being sought for the introduction of a new Point of Sale system to replace the outdated till software.

Midlothian Council Performance Report – Quarter 3 2015/16

Midlothian Council delivers its priorities through the Community Planning Partnership and the Single Midlothian Plan. The Council Transformation Strategy and individual Service Plans outline how Midlothian Council will deliver its contribution to the Single Midlothian Plan.

The council continues to face unprecedented challenges as a result of constrained funding combined with demographic and other cost pressures. In addition, managing the impact of a number of national and local challenges, including Welfare Reform, Health and Social Care Integration, Early Years Collaborative and the significant differences in social and economic equality across Midlothian.

Community Planning partners have agreed the following vision for Midlothian:

“Midlothian – a great place to grow”.

With the following three areas as key priorities:

- Economic growth and business support – we will increase economic growth as a basis for a more prosperous Midlothian.
- Positive Destinations for Young People – this priority is particularly important to us because life chances can be improved for our greatest assets.
- Early Years – Getting it Right for Every Midlothian Child.

Three approaches to how the council works with its communities have been agreed – preventive intervention, co- production and capacity building and localising / modernising access to services

In addition to the three key priorities and three approaches the Council will also focus on reducing the gap between outcomes for residents living in parts of the county which for many years have shown a significant gap between their outcomes and the average outcomes for Midlothian and Scotland as a whole. The areas targeted are Dalkeith Central/Woodburn; Mayfield/Easthouses and Gorebridge.

Work continues on the outcome priorities for 2015/16 and also the strategic priorities and budgets for 2015 through 2018. All service plans are expected to demonstrate commitment to reducing the outcome gap for residents in areas of concentrated deprivation

The Single Midlothian Plan incorporates five overarching thematic groups which support the achievement of outcomes. This thematic approach is used for quarterly reporting, the themes are as follows:

- Adult Health, Care - *Responding to growing demand for adult social care and health services*
- Community Safety - *Ensuring Midlothian is a safe place to live, work and grow up in*
- Getting it Right for Every Midlothian Child - *Improving outcomes for children, young people and their families.*
- Improving Opportunities for People in Midlothian - *Creating opportunities for all and reducing inequalities.*
- Sustainable Growth and Housing - *Growing the local economy by supporting business growth and responding to growing demand for housing in a sustainable environment.*

Progress of Single Midlothian Plan Themes Quarter 3 - 2015/16

Adult, Health and Care - Achievements

Responding to growing demand for adult social care services

Older People: Final consultation is underway following the day care review engagement workshops, with a paper being put forward to the Joint Management Team on the recommendations to develop day support across Midlothian providing a more equitable and consistent approach to day support. Highbank Care home has opened its additional 7 beds which will be used for Intermediate Care. The Hospital at Home service is successfully operating a 7 day service. There is increased capacity for care at home from external providers, and new Team Leaders recruited to the MERRIT team (Midlothian Enhanced Rapid Response and Intervention Team), Joint Dementia team and the 8 Pillars Dementia Project Officer.

Mental Health: Funding has been obtained from the Scottish Government's Mental Health Innovation fund for a pilot project in Midlothian. "Gateway" sessions will be offered to triage and signpost people with mental health and wellbeing issues. An NHS Mental Health Practitioner will work alongside a "community navigator" from a 3rd sector organisation. The service will work on an open access model to improve access and reduce stigma. The 3rd Sector organisation will develop a network of Peer Support volunteers to link people with local services and agencies. The service will be tailored to meet individual needs and provide links to a wide range of agencies that can support people on their recovery journey.

Criminal Justice: A new Community Safety and Justice Partnership has been formed in preparation for the disestablishment of Criminal Justice Authorities in April 2017. 2016/17 will be a shadow year and a Midlothian Community Justice Transitional Plan has been prepared, and will be sent to the Scottish Government at the end of January. A Community Justice Partnership Planning Officer has been recruited and is now in post. Currently awaiting a national strategy, and performance framework for the new structure and funding arrangements will also change, with the impact on Midlothian's Section 27 allocation unknown at this time.

Learning Disabilities: Work continues across a range of areas within learning disability services, in particular the planning with families for increasing the amount of supported living available to people within Midlothian. There is also much work taking place around planning for changes to NHS Lothian's learning disability services, including supporting the last remaining Midlothian long-stay patients in hospital to return to the community.

Substance Misuse: At the third meeting of the Project Delivery Core Group in November, there was agreement to undertake a consultation with staff in late winter- early spring 2016. In December 2015, the MELDAP (Midlothian and East Lothian Drugs and Alcohol Partnership) was advised of a planned 20% reduction in drugs and alcohol funding through the Scottish Government for 2016-17. MELDAP are planning actions to mitigate any negative impacts. There is still potential for a building to be identified to house the Recovery Hub in Dalkeith. This would have the potential to deliver a number of key requirements of the change process.

Community Safety - Achievements

Ensuring Midlothian is a safe place to live, work and grow up in

Community Safety: The Strategic Assessment 2016 - 18 was completed with Community Safety Partners using evidenced based analysis, environmental scanning and risk assessment. This analysis informed the priorities for the 2016- 2018 period across crime prevention, anti-social behaviour, drug and alcohol misuse, domestic abuse, road safety, fire safety and home safety; ensuring everyone has the right to live, work and visit in safe and secure communities, with a reduced incidence of crime.

Road Services: The new street lighting programme was completed as part of the £1,000,000 replacement programme including external funding for lower energy lanterns.

The Council was a finalist in the APSE (Association for Public Service Excellence) Best Performer for Roads, Highways and Winter maintenance.

Getting it Right for Every Midlothian Child - Achievements

Improving outcomes for children, young people and their families.

Annual Children's Services Regulatory Inspection: A number of Midlothian's children's services were inspected towards the end of Quarter 3; Fostering, Adoption and Children's Residential, were all inspected with the following grades awarded:

The Adoption Services received **three Goods** for Quality of Care and Support, Staffing and Quality of Leadership and Management.

The Fostering Service received **two Goods** for Quality of Care and Support and Management & Leadership and a **Very Good** for the Quality of Staffing.

The Residential Inspection feedback from their inspection visit in October/November 2015 received **four Very Goods** for Quality of Care, Quality of Environment, and Quality of Staffing & Quality of Management & Leadership.

These Inspection reports are further evidence of the significant progress and excellent work staff undertake on a daily basis. We are all committed to improving performance and raising the quality of work we deliver within children's services to ensure that we deliver good outcomes for all our children and their families.

Kinship: Scottish Government announced funding for Local Authorities to ensure that there is parity between what we pay kinship carers and foster carers. Within Midlothian Council, unlike many other local authorities we already pay the same rate. We are however looking at how we can improve the service we offer to kinship carers and have agreed to employ an additional part time team leader to look at developing a training programme and identifying other forms of support for kinship carers to further support them in their caring role. Shortly a new website page and an advertising campaign shall commence raising awareness of this.

There has been a decrease in the number of Midlothian Looked After Children in this quarter from 263 to 257.

Early Years

Additional core staff have been allocated to our nursery settings and a peripatetic team of Senior and Childcare Development Workers has been established. We have expanded the provision in our Child and Family Centre to include 10 ELC (Early Learning & Childcare) places for mainstream children with the allocation of a Senior Childcare Development Worker. We continue to have additional staffing in our settings in the 3 key CPP (Community Planning Partnership) areas.

Delivery of Scottish Government's 600 hours Early Learning and Childcare for vulnerable 2 year olds has been rebranded as 'A Good Time To Be 2' with a targeted social marketing campaign taken place involving adverts on local refuse lorries and bus stops. Gradual increase in numbers now at 104, this continues to reflect the national picture. Increase in the range of stakeholders offering flexible provision to support parents work and study patterns.

Scottish Government have expressed interest in our Early Years Vision to develop multi agency integrated Family Learning Centres in our top 3 Community Planning Partnership priority areas, further discussions taken place to explore the possibilities of Midlothian being a Scottish Government pilot site. Woodburn FLC (Family Learning Centre) building work on target to open in February 2016.

Lifelong Learning and Employability (LLE): The new Lifelong Learning and Employability Service (LLE) in Midlothian was formally launched on 14th January 2016. This service now solely focuses on supporting local people to develop skills for learning, life and work. There are dedicated posts who work with individual young people and adults supporting them into positive destinations. We are revising our learning programmes and projects to increase opportunities for work related learning and courses which give people a recognised qualification to address the fact that Midlothian has less people with qualifications than the national average and many earn less than in other parts of Scotland. It is important that we balance this with maintaining opportunities for local people who need support to take their first steps back into volunteering, work or learning through groups/opportunities which build confidence and self esteem.

We have coordinated over 1,000 pupils to take part in work experience over the last year and also operated the Scottish Employment Recruitment Incentive which has resulted in over 32 people being supported through this scheme which totals £140,000 going to employers to support them taking on these 32 people. We are continuing to experience demand for both ESOL (English for Speakers of Other Languages) and Literacy and Numeracy support from local people.

Improving Opportunities for People in Midlothian - Achievements

Creating opportunities for all and reducing inequalities.

Positive Destinations: The SLDR (Scottish Leaver Destination Report) figures were published in December for positive destinations. In Midlothian 93.5% of young people moved into positive destinations. This is 0.6% above the Scottish Average. When compared with last year, 0.4% less young people entered a positive destination this year however, there were approximately 81 more leavers recorded this year when compared with last year.

Moving forward, we are ambitious and want to get to a stage where all young people are supported to achieve and sustain a positive destination. On this improvement journey, 95% has been set as the aspirational target for this year. A range of initiatives with local partners have been progressed and will come to fruition in the next quarter such as our new outreach partnership with the Recruitment and Skills Centre based at Kinnaird Park. In addition, there are robust tracking systems now in place. We now also need to focus on the 16 to 19 year old age group supporting those who may have been in and out of positive destinations. A positive meeting has already taken place with SDS (Skills Development Scotland) in order to agree the action plan which we will take forward commencing with the identification and allocation stage. Many of the community benefit clauses are also becoming a reality and are offering local opportunities for work experience, apprenticeships and jobs for example through the building of new schools. Lifelong Learning & Employability are supporting local people to take advantage of these.

Customer Services (Contact Centre & Libraries & Registrars): A review and implementation of the staffing structure for Customer Services was progressed with Phase 1 of line managers being recruited. Phase 2 in the redesign and development across services to develop the remaining structure will commence in the new year.

In a further stage of building rationalisation, the switchboard was relocated and moved into the Contact Centre at Jarnac Court, with no effect on the public access or operation of telephony services. We also took this opportunity to integrate the switchboards during the planned EWiM (Effective Working in Midlothian) programme with the closure of Dundas Building and the Dalkeith campus to achieve and maintain PSN compliance.

The new, joint, switchboard upgrade at the Contact Centre from these building moves will allow for enhancements including an automated switchboard function allowing internal/external customers to “self-service” calls by voice recognition, without the need to wait in queues to speak with the person or service they require (ie. “virtual operators”) as well as management information and reporting functionality to monitor and improve public services.

Sustainable Growth and Housing - Achievements

Growing the local economy by supporting business growth and responding to growing demand for housing in a sustainable environment.

Promoting Economic Development

Midlothian Council secured Government support and other funding of circa £70,000 for participatory budgeting projects in Woodburn and Mayfield.

Approval was granted at the Council’s Planning Committee for major new mixed development at Redheugh, Gorebridge.

Ministerial launch of Borders Rail Line Inward Investment website.

Successful award of LEADER EU funding of circa £3.4M to Tyne/Esk programme to promote development of the rural economy over the next five years.

Further stage in the City Deal bid for the Edinburgh and South East Scotland City Region submitted to Scottish and UK Governments.

Waste Services: Following the successful bid to zero waste Scotland for funding in support of the new food waste service the roll out was completed and the service commenced on 07 December 2015. The expectation is that with the delivery of this service Midlothian Council will achieve a recycling rate of over 50%.

Housing Services- Annual Return on Scottish Social Housing Charter (ARC): The Scottish Social Housing Charter is a regulatory requirement which replaces the previous performance standards and describes the results outcomes social landlords should achieve in meeting their legal duties. The Charter helps to improve the quality and value of the services that social landlords provide.

Midlothian Council's submission was provided as required by June, 2015 and details what tenants and other service users can expect from Midlothian housing services and the efforts towards achieving outcomes that matter to our customers. The Scottish Housing Regulator assessed the submissions as satisfactory.

Following the completion of the initial three sites in Penicuik, four new sites are now under construction at Edgefield Road, Loanhead, Polton Street, Bonnyrigg, and two adjacent sites at Greenhall, Gorebridge. Disconnection of services at Newbyres is ongoing with the physical demolition to follow. This has been delayed due to the ongoing legal/insurance claims being progressed and an allowance made for third parties to inspect the property prior to demolition.

Revenues Services: Rent Strategy Review for 2016/17 was carried out including stakeholder consultation on rent charge options and new build housing proposals. The consultation was completed and reported to Midlothian Council in December, 2015 which approved a 5% rent increase for a 3 year period.

Additional Areas of Interest

Internal Council actions/activities supporting the delivery of agreed outcomes

Financial Stewardship and Sustainability Achievements

- a) Completion of Q2 Financial Monitoring reports to Council as part of the robust scrutiny of service financial performance;
- b) Financial Strategy update report for 2016/17 to 2020/21 presented to Council in December 2015 which outlines future years budget projections, the impact of the change programmes and the financial implications of investment decisions / priorities;
- c) Review for Business Transformation Board of progress against financial savings targets for 2015/16 and future years.

Transformation Change Achievements

- a) External Engagement prepared for roll out across Midlothian communities;
- b) Delivering Excellence across a number of key areas including Housing, Adult Social Care;
- c) Implementation of the Business Services structure including the transfer of Records Management from Digital Services;
- d) In conjunction with Services, the migration of records storage and retrieval service to Iron Mountain;
- e) Installation, configuration and set up of the Committee Management System and CMT approval of the Democratic Services Strategy;
- f) Purchase to Pay: Pilot of eForms for one-off payments to suppliers;
- g) Business Applications: Upgrade of Frameworki to MOSAIC;
- h) The development of the Business Services Improvement Plan;
- i) Total Document Management: The provision of access to the document management system (CS10) for schools;
- j) The introduction of an integrated flexible working hours system (Etarmis) that will provide the platform to improve the business process, user interface and integrate the administrative support requirements;
- k) The upgrade to the finance system (Integra). This major upgrade to Integra applies to all modules. There have been significant resource requirements during the test phase of this upgrade that has resulted in actions and roll out of functionality from the Purchase to Pay project being rescheduled;
- l) The review and introduction of business processes and the provision of systems training to all relevant staff to meet the requirements of GIRFEC and Named Person legislation;
- m) The configuration and development of processes and workflows within MOSAIC to meet the requirements for the Interagency Information Exchange

Emerging Challenges

FINANCIAL

To update the Financial Strategy reflecting the emerging picture for national public finances and alongside this progress across all services the Delivering Excellence programme, maintaining a sustainable financial and service delivery strategy.

Revenues collections for rental income, non-domestic rates and council tax continue to be challenging to secure income to the Council within a background of Welfare Reform and financial difficulties for residents and businesses in Midlothian.

In-Year collection in rents and Council Tax performance improved to date with collection amount and collection percentage measures increased. DWP has been working with local authorities to look at areas where joint working would assist both council and DWP in a fraud and error reduction incentive scheme (FERIS) and real time earning information (RTEI) received from HMRC targets for interventions and recoveries.

ADULT HEALTH AND CARE

Two large scale investigations are currently underway. Newbyres Care Home is being actively managed following a poor care inspectorate report. A learning disabilities provider is also been closely monitored due to both financial and care concerns, and work is underway to transition to a new provider in the coming months.

There is a projected overspend in the budget, primarily related to demographic pressures. Some high cost packages within Learning Disability services are having a particular impact and are being reviewed to ensure tighter controls for the new financial year. Overspend positions within Newbyres will be addressed through a fundamental review of staffing with a move to an integrated care facility.

GETTING IT RIGHT FOR EVERY MIDLOTHIAN CHILD

Teacher Numbers: Ensuring that Midlothian Council meets Scottish Governments Commitment to maintaining teacher numbers and ratios in our schools and at the same time secure sufficient supply teachers which is currently a national issue.

Following the update on the Education Bill to Council in August and the further report on the new National Improvement Framework presented to Council in November which calls for the reporting arrangements within the Bill to be statutory. The roles and the responsibilities of the local authority within this Bill are: To work in partnership with the Scottish Government to support the development and implementation of the National Improvement Framework; To support and challenge schools to help all children to succeed and achieve the highest possible standards; To support teachers to access high quality professional learning opportunities; To make forensic use of school performance information to target support and intervention, fulfilling their statutory duties; To provide strong leadership and direction to schools and teachers to continually improve children's attainment; To ensure that the priorities are translated into local plans. In addition, the Bill is likely to include a 25 hour week for all primary aged pupils.

Implementation of Named Person – We are working closely with our Schools/Health Partners/Scottish Government and SEEMIS/IT providers to ensure that we are well placed for implementation in August 2016.

Child Protection: Over the last quarter there has been an increase of 32% of the number of children names on the Child Protection Register, this however only equates to an increase of 6 families. The national rate per 1,000 children on the register is 3.2. Midlothian's rate per 1,000 is 2.8

Referrals into children's services continue to increase with a 12% increase to 1304 referrals compared to the previous last quarter.

IMPROVING OPPORTUNITIES FOR MIDLOTHIAN

Positive Destinations: Practical work will begin on some of the key recommendations from "Developing Scotland's Young Workforce", for example Glasgow University is carrying out a very localised research project to tell us what our emerging growth employment areas will be in the next 10 year and provide recommendations on how we can adapt and support local people to be ready to take advantage of these and where we will have a skills gap shortage. It will also cover the opportunities likely to be available in the travel to work areas. This work will also provide teachers and other partners with practical teaching resources to work with parents and young people to consider the emerging jobs landscape when making subject and other career choices, as well as new additions to the curriculum. Reporting on Positive Destinations changed in August 2015 to include participation measures for 16 – 19 year olds. We will monitor this closely during the course of the year and will realign our service to ensure that we not only work hard to improve the positive destinations of our school leavers but that we have sufficient learning pathways post school education to support young people aged 18 and 19 into positive and sustained destinations.

Customer Services: In localising access to services and encouraging channel shift, physical contacts are maintaining stability while virtual visitor numbers have increased dramatically this quarter as a result on online interactions and also bookings for Book Week Scotland events. Channel shift is evident with a 35% increase from the same time last year.

It is clear that more multiple channels are preferred in the shift made by customers and that local and national events such as Book Week Scotland, the Midlothian Science Festival, etc. have a large virtual audience which will allow development of targeted marketing and campaigns.

SUSTAINABLE GROWTH and HOUSING

Supporting, Protecting and Developing Communities

- Maximising the economic development (including tourism) opportunities presented by the Borders Rail Line.
- Securing (with our five local authority partners) a City Deal for the Edinburgh and South East Scotland Region.
- Preparing the Midlothian Local Development Plan for its Examination in Public.
- Continue to deliver a high quality customer focused building standards service, while meeting the demands of the key performance outcomes within the new Performance Framework (set by Scottish Government).
- Working with Transport Scotland and Easter Bush Development Board partners to ensure that roads access does not constrain further development at the Bush.

Waste: Processing of the blue bin (recycling) material as market conditions have worsened with the prices for the processing of commingled dry recyclate increasing substantially. Processing costs has been identified by Viridor estimated at approximately £100 per ton which would result in the Council having to pay an additional £50,000 per month to process this material.

We are working with Viridor - our contractor, Zero Waste Scotland and Scottish Government to review and explore options as these are now Scotland wide concerns.

Deliver waste solution and meet the Scottish Governments recycling targets. Aluna Renewable Energy (ARE) has constructed a food waste treatment facility at Millerhill. Commission delayed until February 2016 due to a Health & Safety issue identified within the plant. Temporary arrangements will be maintained until new plant accepts food waste.

FCC Medio Ambiente S.A. (FCC) has been appointment as the Preferred Bidder for the Zero Waste: Edinburgh and Midlothian Residual Waste Treatment facility. Council granted planning permission on 15 September for the construction of a new waste recycling and combined heat and power plant to FCC Environment (UK) Ltd on the former railway marshalling yards at Millerhill.

Carbon Reduction: The closure of buildings following Effective Working in Midlothian (EWiM) moves will assist in reaching our targets.

COMMUNITY SAFETY

Reducing Re-offending: In reducing reoffending, with the planned replacement of the Community Justice Authorities and development of local Reducing Reoffending Partnerships, consideration and planning needs to be given to how this will link into the national oversight body, Community Justice Scotland.

Further guidance is expected from Scottish Government toward implementation in 2017. Meantime, development of the shadow structure locally has been approved by Council and development of service structures and training is planned as improved outcomes will depend on a number of agencies working collaboratively to make communities safer and manage risk on a multi-agency basis to protect the public in relation to a range of offenders.

Council approved that the Safer Communities Board will incorporate the shadow arrangements required for the Reducing Reoffending Partnership as Community Justice Authorities are disestablished by 2017. The Scottish Government has proposed that Community Planning Partnerships will be expected to actively contribute to reducing reoffending and be held accountable for performance, including its contribution to community justice through its existing governance and accountability arrangements.

Alternative governance arrangements were approved with the establishment of the Midlothian Police and Fire & Rescue Committee for statutory scrutiny and review requirements and also the Community Safety and Justice Partnership for the wider partner obligations and integrated services.

New Psychoactive Substances (NPS - legal highs) continue to affect Midlothian and an analytical profile was produced in October which collated intelligence from Community Safety partners although gaps remain, intelligence continues to be received regarding NPS use with a MELDAP NPS Group established to co-ordinate and progress on action and support required.

The Psychoactive Substances Bill is expected to become law in April, 2016 with an onus on the sellers and producers of a substance to ensure that it is not likely to be consumed for its psychoactive effects.

Midlothian Council PI summary

01. Outcomes and Customer Feedback

There are 39 Audit actions in progress of which 11 are On Target. The outstanding actions are being address by the relevant managers within each Service.		85%	Number of Actions on Target	11
											Number of Actions in progress	39

2014/15 Local Government Benchmarking Framework Results

Report by Kenneth Lawrie, Chief Executive

1. Purpose of Report

The purpose of this report is to update the Cabinet and Performance Review and Scrutiny on the Local Government Benchmarking Framework (LGBF) and to present an overview of the Council's performance against the indicators for 2014/15.

2. Background

Over the last five years all 32 Scottish councils have been working with the Improvement Service to develop a common approach to benchmarking, which is grounded in reporting standard information on the council services provided to local communities across Scotland.

The purpose of the framework is to support councils to deliver better outcomes for communities by benchmarking and learning from councils who are achieving the best performance in relation to local service delivery.

This work has resulted in a national dataset comprising of 56 indicators. The key principle of the indicators was that they were comparable across all 32 councils. It should be noted that two of the indicators relate to museums and galleries, and therefore only 54 are relevant to Midlothian. The indicators are grouped under seven service groupings:

- Social Work Services
- Children's Services
- Corporate Services
- Culture and Leisure
- Economic Development
- Environmental Services
- Housing Services

The framework reports on how much councils spend on particular services, service performance and how satisfied people are with the major services provided by councils. The indicators have been primarily developed using cost information for councils from existing sources such as the Local Financial Returns (LFRs). LFRs form a part of central government's monitoring of Scotland's local government spend in service areas. A range of satisfaction measures have also been used from the annual Scottish Household Survey (SHS).

The 2014/15 comparison information was used to calculate Midlothian's relative performance or 'position' for each indicator. The Improvement Service have ranked all councils from 1 to 32 for each indicator and as a result allocated to appropriate quartiles. As we do not provide a museum service and the Children's Services information is not published until March 2016, these have been excluded from the figures.

It is important to remember that councils across Scotland do not have common service structures. Each council has a structure and service arrangement that it believes is the most appropriate and cost effective way to support its local community.

3. Current Position

Whilst full details of the 14/15 Benchmarking results are shown in appendix 1, the table below provides a high level summary of our performance across the four quartiles. Please note that of the 56 indicators for 14/15 – 5 have no data yet and 2 do not apply to Midlothian.

Scottish ranking	Percentage % of indicators falling within each quartile
	2014/15
Top quartile (ranked 1-8)	20% 10/49
2 nd quartile (ranked 9-16)	35% 17/49
3 rd quartile (ranked 17-24)	22.5% 11/49
bottom quartile (ranked 25 th and below)	22.5% 11/49

As part of this ongoing work councils have developed a process to drill into the information collated through the LGBF to understand, in more detail, why the variations in council performance is occurring. This process has been organised around 'family groups' of councils so that comparison can be explored with similar councils in terms of type of population (e.g. relative deprivation and affluence) and the type of area in which they serve (e.g. urban, suburban or rural). This allows good practice to be identified and shared between councils.

The information is compiled on a new national website called **My Local Council**. The website compares performance information from all 32 Scottish councils. Access to the latest performance of Midlothian Council in each of these key areas of activity is available via <http://scotland.mylowalcouncil.info/>.

The Improvement Service published the data on 29 January 2016, details can be found at <http://www.improvementservice.org.uk/benchmarking/>

4. Going Forward

Within the Council, performance against the indicators will be monitored as part of the performance management arrangements which includes quarterly reporting to Cabinet and Performance, Review and Scrutiny. In addition, following requests from members, a briefing session has been arranged to allow a wider discussion of the 14/15 results.

CMT should note that the framework continues to be reviewed with a focus on improving the outcome benchmarks for preschool, school provision and the senior phase, and for adult social care provision. In addition feedback to a recent national consultation exercise has resulted in the following areas being highlighted by Midlothian:

- **Cost indicators** – The limitations of the Local Financial Return (LFR) in forming the basis of the cost measures has been noted in previous discussion as it is not sufficiently well defined to allow for the comparison of different councils. Some of the LFR categories are so broad that they are almost meaningless (e.g. 'central support services').

- **Satisfaction measures** – Previous findings have noted that the customer satisfaction data drawn from the Scottish Household Survey (SHS) has some limitations when used at individual council level as the sample size of the survey becomes a sub set of the overall national sample and is as a result less statistically robust. In addition the survey questions do not fully distinguish the views of the whole adult population on services from views of the direct users. Individual councils also currently gather a range of customer satisfaction data locally which often differs from the results of the SHS. As a result of the existing limitations of the current approach to gathering comparable data other methods of assessing satisfaction should be considered.
- **Health & Social Care Integration** – the indicators that currently relate to social care will need to be reviewed to take account of the new measures being developed for integration and should be informed by the Scottish Health and Social Care Benchmarking Network. Suggested indicators going forward should include Delayed Discharge (72 hour measure), Hospital Admissions/Readmissions of over 75 year olds and the Length of Stay in care homes for older people.
- **Education measures** – the current LGBF measures are out-of-sync with the education measures that are being developed and used nationally.
- **Economic Development** – the Framework only includes one measure of economic development. The SLAED measures should be considered for benchmarking.

In summary, whilst there are questions about the relevance, comparability and reliability of some of the indicators, there is nevertheless clear value in a number of the indicators, particularly those that are direct measures of performance. These show some areas of strength and weakness in Midlothian, and point to some areas such as Council tax collection and educational attainment where improvement is necessary.

5. Report Implications

5.1 Resource

There are no resource implications.

4.2 Risk

This report seeks to mitigate the risk that the Council does not meet its obligations in terms of the requirement to publicly report on performance information.

4.3 Single Midlothian Plan and Business Transformation

Themes addressed in this report:

- ☐ Community safety
- ☐ Adult health, care and housing
- ☐ Getting it right for every Midlothian child
- ☐ Improving opportunities in Midlothian
- ☐ Sustainable growth
- ☒ Business Transformation and Best Value
- ☐ None of the above

4.4 Key Priorities within the Single Midlothian Plan

The LGBF measures for 14/15 contribute to all three Priorities identified in the SMP, Economic recovery and business growth, Positive Destinations for Young People and Early Years.

4.5 Impact on Performance and Outcomes

Work is underway to cross reference the LGBF benchmarking dataset with service plan outcomes incorporated in the Balanced Scorecard.

4.6 Adopting a Preventative Approach

The council's Planning Performance Management Framework is underpinned by the previously identified Future Model key principles, one of which focuses on prevention.

4.7 Involving Communities and Other Stakeholders

This report does not directly relate to involving communities and stakeholders though access to the information is widely available via the council's website and the national website noted in section 2.

4.8 Ensuring Equalities

The LGBF indicators monitor some aspects of equalities with a few of the indicators relating to the equality characteristics of gender and disability.

4.9 Supporting Sustainable Development

The Councils PPMF demonstrates a sustainable approach to service delivery by ensuring that stakeholders are informed and able to comment on Council planning and performance. LGBF indicators are included in the framework.

4.10 IT Issues

There are no IT issues directly relating to this report. The LGBF results will be made available on the council Website.

5 Recommendation

Cabinet and Performance Review and Scrutiny are asked to:

- note the 2014/15 LGBF comparison results
- note the ongoing activity relating to the Family Groups

Note

CHN4 & CHN6 - Attainment at Level 5	Level 5 attainment data is not included at this time as this has not been provided by Scottish Government due to concerns over comparability of this data given changes introduced through Curriculum for Excellence. The board is exploring this with them to identify a solution and hope to include an appropriate measure in publication in January.
CHN8a, 8b & 9	These indicators rely on National Statistics on Looked After Children which are not published until March 2016. The benchmarking data will be refreshed to include these indicators at that time.

***Note:**

ENV5a: The correct figure should be £4,605.03. There was an accounting error resulting in the figure reported being too high. By revising the figure – Midlothian is now Rank 12 and as a result is now in the Second Quartile.
