

## **Financial Monitoring 2015/16 – General Fund Revenue**

### **Report by Gary Fairley, Head of Finance and Integrated Service Support**

#### **1 Purpose of Report**

The purpose of this report is to provide Council with information on performance against revenue budget in 2015/16 and details of the material variances.

#### **2 Background**

##### **2.1 Budget Performance**

The detailed budget performance figures shown in appendix 1 result in a projected net overspend of £0.883 million which is 0.45% of the revised budget for the year.

Detailed information on material variances is contained in appendix 2 which identifies each variance, explains why it happened, outlines what action is being taken to control variances and details the impact of that action.

The main areas of variance are outlined below.

##### Pressures

- Demand led pressures in Children's Services;
- Expenditure pressures in Residential Care Homes for older people;
- Capacity issues with some external providers for Adult Social Care; and
- Slippage in planned Transformation Savings.

##### Favourable Movements

- Council Tax income received;
- Community Care Resource Panel projections;
- Slippage in the General Services Capital Plan resulting in lower debt charges; and
- Savings in employee costs with vacant posts being held pending service reviews.

##### **2.2 Council Transformation Programme Funding**

Council approved utilisation of £5.868 million of General Fund Reserve to fund costs associated with the ongoing transformation programme.

At the report date £2.697 million of this has been applied with future commitments of £0.911 million identified for the remainder of 2015/16 through to 2017/18. This leaves £2.260 million as uncommitted.

### 2.3 Financial Discipline

Council in June recommended that in light of the £4.734 million underspend shown in 2014/15 a financial discipline review took place to identify budgets that could be reduced or in some cases simply removed in addition to adjustments already reflected in the approved 2015/16 budget. This review has identified a further £0.416 million which has no impact on frontline service delivery. Details are shown at Appendix 3.

In anticipation of this being formally approved by Council today £0.416 million is shown below in section 2.5 as an enhancement to reserves and is consequently not reflected in variance against budget shown in appendices 1 and 2.

### 2.4 General Fund Reserve

The projected balance on the General Fund as at 31 March 2016 is as follows:

	£ million	£ million
Reserve as at 1 April 2015		21.315
Less earmarked reserves utilised in 2015/16		(5.907)
<b>General Reserve at 1 April 2015</b>		<b>15.408</b>
<i>Planned movements in reserves</i>		
Planned Enhancement	2.764	
Supplementary Estimates	(0.122)	
Council Transformation Programme Costs	(0.539)	
One-off costs of VSER	(0.274)	
Workforce Reduction Savings from VSER	0.053	
Financial Discipline	0.416	
Borders Rail	(0.250)	
Other	(0.006)	
		17.450
Overspend per appendix 1		(0.883)
<b>General Fund Balance at 31 March 2016</b>		<b>16.567</b>

An element of the General Fund is earmarked for specific purposes and this is shown below:

	£ million
<b>General Fund Balance at 31 March 2016</b>	<b>16.567</b>
<i>Earmarked for specific purposes</i>	
Further one-off costs associated with VSER	(0.500)
Budgets earmarked for Council Transformation	(2.260)
<b>General Reserve at 31 March 2016</b>	<b>13.807</b>

The uncommitted General Fund Reserve at 31 March 2016 is projected to be £13.807 million. A prudent level of uncommitted reserves is seen to be between 2% and 4% of net expenditure which equates to between approximately £4 million and £8 million. The General Reserve shown is comfortably within this level. However there may be substantial one-off costs associated with further Early Release schemes and the reserve may also be required as a buffer to offset any slippage in the achievement of planned savings.

### **3 Report Implications**

#### **3.1 Resource**

Whilst this report deals with financial issues there are no financial implications arising directly from it.

#### **3.2 Risk**

Section 95 of the Local Government (Scotland) Act 1973 requires all Local Authorities in Scotland to have adequate systems and controls in place to ensure the proper administration of their financial affairs.

The assessment of performance against budgets by services is underpinned by comprehensive financial management and budgetary control arrangements. These arrangements are central to the mitigation of financial risk.

Ensuring that adequate systems and controls are in place minimises the risk of significant variances arising, and where they do arise they help to ensure that they are identified and reported on and that appropriate remedial action is taken where possible. The primary purpose of this report is to provide information on historic performance, however the material variances detailed in appendix 2 highlight that the financial management and budgetary control arrangements require continual review and enhancement if financial risk is to be effectively mitigated.

Themes addressed in this report:

- Community safety
- Adult health, care and housing

The proposals in this report do not directly impact on the adoption of a preventative approach.
